

## OUR HISTORY IN PICTURES 89

ROBERT CAVALIER, THE SIEUR DE LA SALLE, WAS A FRENCH NOBLEMAN WHO SACRIFICED WEALTH AND A LIFE OF EASE AND PLEASURE THAT HE MIGHT BUILD A FRENCH EMPIRE IN THE FORESTS OF NORTH AMERICA. HIS PLAN WAS TO ORGANIZE THE FUR TRADE IN NEW FRANCE AND WITH THE PROFITS FINANCE EXPLORING EXPEDITIONS TO DEVELOP NEW REGIONS.

HIS PLAN MET WITH NO SUPPORT AND FACING FINANCIAL RUIN, LA SALLE SET OUT IN 1681 TO FOLLOW THE MISSISSIPPI TO THE SEA. WITH FIFTY-FIVE FRENCHMEN AND INDIANS LA SALLE EMBARKED ON THE CHICAGO RIVER. IN CANOES, PADDLED UP TO ITS SOURCE, PORTAGED TO THE ILLINOIS, DOWN WHICH HE FLOATED TO THE MISSISSIPPI.

LA SALLE HAD MANY HARDSHIPS AND DISAPPOINTMENTS TO FACE. THE INDIANS WERE HOSTILE AND MANY OF HIS MEN DESERTED HIM. ON THE ILLINOIS RIVER, HE HAD BUILT A RUDE FORT TO USE AS A BASE OF SUPPLIES AND CALLED IT FORT CREVECOEUR, WHICH MEANS BROKEN HEART. LATER ON, WHEN LA SALLE RETURNED TO THE FORT HE FOUND IT HAD BEEN ABANDONED BY HIS MEN.

ON APRIL 6, 1682, AFTER MANY HARDSHIPS, LA SALLE REACHED THE MOUTH OF THE MISSISSIPPI AND LANDED ON THE SHORE CLAIMED BY THE FRENCH. HE NAMED THE COUNTRY LOUISIANA, AFTER KING LOUIS, AND PLANNED TO ESTABLISH A FRENCH COLONY. THOMPSON - ATTEMPT TO COLONIZE LOUISIANA.

A complete set of these daily history strips makes a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

## FOCH IS CALM ON HINDENBURG

Marshal Believes Winner's Policies Like Marx's

Monarchy Possibilities Fail to Bother Frenchman

German Women's Vote for War Hero Held Natural

BY HENRY WALES

(BY CABLE-EXCLUSIVE DISPATCH)

PARIS, April 29.—A plain civilian, wearing a black serge suit without a single ribbon or decoration, a derby hat cocked jauntily on one side of the head, and leaning on a cane instead of a sword.

Thus Marshal Foch, commander-in-chief of the victorious Allied armies in the World War, received the correspondent this afternoon in his dingy little office behind the Invalides.

"What can I say—what is there for me to say?" asked Marshal Foch in reply to my question as to the election of Von Hindenburg as President of Germany.

"You know I make it my rule never to interfere in political matters," he continued. "Field Marshal Von Hindenburg's election makes a political figure out of a soldier. The defeated candidate, Wilhelm Marx, holds approximately the same viewpoints and represented practically the same policies as the successful candidate."

From Marshal Foch's entourage I learned that the French soldier is not perturbed by the Hindenburg success, considering it natural that despite defeat the Field Marshal should continue as officer in the highest rank of Germany. Being a soldier, Marshal Foch was not surprised by the women voting for him here, because to them he represented the defender of the fatherland.

"I never during the war, or since, have heard Marshal Foch utter a word against Field Marshal Von Hindenburg," said an officer close to the Marshal throughout his career.

"Marshal Foch is 73 years of age, and he knows pretty well what another man a little older thinks and how he feels. Marshal Foch's greatest aim is to preserve and insure peace, so it is reasonable to suppose that he implies the same motives from his rival."

It is stated that Field Marshal Von Hindenburg's devotion to former Kaiser Wilhelm and the possibility of the restoration of the monarchy do not bother Marshal Foch.

COLLECTS WELLESLEY VERSE

(EXCLUSIVE DISPATCH)

WELLESLEY (Mass.) April 29.—As part of the Wellesley semicentennial celebration this spring the Alumni Association is publishing a "Semicentennial Book of Wellesley Verse."

The volume forms a record of Wellesley poetry during the first fifty years of the college. More than 100 authors are represented.

## NO CHANGE FOR GERMAN POLICY

(Continued from First Page)

The President-elect will remain in Hanover for another week, as the date of his inauguration will probably be postponed until May 14. Meanwhile, he has entered into active touch with the government officials and members of former President Ebert's personal staff. Leading government officials are traveling to Hanover in relays to confer with the President-elect who finds himself confronted with the immediate necessity of acquainting himself with the small and big cogs of the official machinery.

HINDENBURG SAYS HE WILL DO HIS DUTY

(BY CABLE AND ASSOCIATED PRESS)

GEORGE SCHNEIDER (German), April 29.—Field Marshal Von Hindenburg, President of Germany, never a talkative man, summed up in simple words his conception of his duties as President to a small circle of friends who visited him at his temporary abode here immediately after his conference yesterday with Chancellor Luther.

"I will do my duty, just as I have done it thus far, as a good German," said the President-elect. That surely will be the right way."

Those present at the railway station when Dr. Luther arrived in Gross Schenke yesterday, said that Von Hindenburg apologized to him for wearing a simple sack coat instead of the usual swallow-tail, and added with a twinkle in his eye, "but I suppose our meal will taste just as good this way."

Dr. Luther, after a two hours conference with Von Hindenburg, remained for a simple luncheon at which were present Von Hindenburg's son and his daughter-in-law and son-in-law and Prince Dodo von Inhausen and Knyphausen and Lieut.-Col. Moehle.

During the luncheon Von Hindenburg requested his guests to "remember to the cause of the peace and unity of our beloved fatherland."

SHEFFIELD TO REPORT ON MEXICO

Ambassador Will Return to Post After Visit to Capital; Not to Resign

(BY CABLE-EXCLUSIVE DISPATCH)

MEXICO CITY, April 29.—Ambassador Sheffield will leave Mexico City for Washington about May 15, he informed Foreign Minister Saenz today when he called at the foreign office.

The visit will be for the purpose of reporting to the State Department on the general situation, and the Ambassador will return to Mexico City the latter part of June. It was stated, setting at rest rumors that Mr. Sheffield intended to resign.

The Foreign Minister today handed to Ambassador Sheffield a reply to the American note of the 14th inst., protesting against the seizure by the State of Vera Cruz of the property of the Jalisco Light and Power Company, which is owned by Americans. The note is said to explain that the property was seized on the ground that it had been abandoned by Manager William E. Boone and that it would be returned to the owners when the company sent an accredited representative to take charge and operate the properties.

RAIN CAUSES DELAY IN LOS ANGELES TRIP

(BY A. P. NIGHT WIRE)

LAKEHURST (N. J.) April 29.—The start of the Navy dirigible Los Angeles' flight to Porto Rico, postponed yesterday was again called off today when the sun failed to appear to dry out the rain-soaked airship. Capt. George W. Steele said that weather forecasts indicate excellent conditions for a start tomorrow. The dirigible continued to swing at her mooring mast in a forty-mile wind today.

FEDERAL JUDGE LIFTS LIQUOR ACT CLOSINGS

(BY A. P. NIGHT WIRE)

BUTTE (Mont.) April 29.—Temporary injunctions, under which three soft-drink parlors were closed and padlocked here yesterday by Deputy United States Marshal Kelsey, were vacated today by Federal Judge George M. Bourquin and proceedings thereunder called and quashed. The three places reopened today. Judge Bourquin ruled that ouster and closure, on mere information and belief, while cases are pending in court, are a "gross abuse of the law of injunctions."

## NEW DRY LAW IN INDIANA

Most Stringent Measure Enacted in United States Goes Into Effect; Severe Penalties

(EXCLUSIVE DISPATCH)

INDIANAPOLIS (Ind.) April 29.—The Wright bone-dry law in Indiana, the most stringent measure enacted in the United States since prohibition, which was passed at the last session of the Legislature, went into effect in the Hoosier State today with both State and Federal officials prepared to enforce the new code.

Under the new law containers with the smell of liquor and the testimony of the officers that evidence of the operation of a blind tiger, with a penalty of thirty days to six months in jail and a fine of from \$100 to \$500. Here are some of the provisions of the new law, which officers say will be rigidly enforced:

Purchasing or receiving intoxicating liquor—thirty days to six months in jail and a fine of from \$100 to \$500.

Possession of intoxicating liquor, thirty days to six months in jail and a fine of from \$100 to \$500.

Carrying liquor on the person, thirty days to six months in jail and a fine of from \$100 to \$500.

Transporting liquor by vehicle, one to two years' imprisonment and a maximum fine of \$1000.

Operating motor vehicle while intoxicated, thirty days to six months in jail and a maximum fine of \$500.

Practically all cases second and third offense increase sentences and fines.

PLOT TO KILL CHAMBERLAIN

Red Threat Against Secretary's Life Disclosed by Scotland Yard as Uprisings Menace Europe

(BY CABLE-EXCLUSIVE DISPATCH)

LONDON, April 29.—With the revelation to Scotland Yard today of a Communist plot against the life of Austen Chamberlain, the British Foreign Secretary, and reports of increased Communist activity in the other countries of Europe, the danger of widespread Red uprisings assumed a much more serious aspect.

Italy reported raids against Communist in five cities in an effort to check what is believed to have been a Red terrorist plot for a May Day outbreak. Heavy fighting was reported to have occurred between government troops and Communists in Bulgaria.

Both the Foreign Office and Scotland Yard have refused to comment on the plot, but it is known, however, that all possible precautions have been taken to guard all of the British ministers.

THOUSANDS FROM FLEET VISIT HAWAII

Pearl Harbor is Hailed by Congressmen as Key to Pacific Coast Safety

(BY CABLE AND ASSOCIATED PRESS)

HONOLULU, April 29.—Pearl Harbor naval base, the key to the defense of Hawaii, was visited today by a group of Congressmen.

Representative Burton L. French of Idaho, chairman of the Subcommittee on naval appropriations, expressed himself as impressed with the possibilities of Pearl Harbor.

"I am definitely committed to the most extensive development of Pearl Harbor," he declared. "I am convinced that it is the most important United States naval base. The security of the entire Pacific Coast of America and the entire country lies in these islands, which constitute the key to the Pacific."

Mr. French declined to comment on the recently completed joint Army-Navy maneuvers, preferring to leave the decision of the official umpire, which has not yet become available.

Hawaii's plan of entertainment for the officers and men of the United States fleet was running in high gear today. It was estimated that 10,000 men of the fleet were visitors ashore.

The entertainment schedule now is filled for every day until the fleet leaves for its cruise to Australia. Dances and receptions will be balanced by musical programs and sightseeing tours.

Gov. Wallace R. Farrington last night entertained at dinner in honor of Maj.-Gen. Wendell C. Neville, commanding the Department of the Pacific for the United States Marine Corps.

SLIGHT EARTH SHOCK IS FELT IN ALASKA

(BY A. P. NIGHT WIRE)

KETCHIKAN (Alaska) April 29.—An earthquake lasting three seconds was felt at 2:30 o'clock here this afternoon. No damage was reported. The direction of the tremor was unascertained.

DONOR HIDES IDENTITY

(EXCLUSIVE DISPATCH)

BOSTON, April 29.—Boston University is richer by \$20,000, the contents of a brown paper parcel left at the Comptroller's office by an agent who refused to name his client. The gift was in part gold bonds. It is to be used for any purpose designated by the trustees.

CATHEDRAL BOMB Plot Leader is Killed on Farm

(BY CABLE AND ASSOCIATED PRESS)

SOFLA, April 29.—Former Deputy Grantcharoff, one of the leaders in the recent cathedral bomb plot, who had been searched for by police, was killed in a house near Sofia. He was the leader of the agrarians who have joined the Communists, and who are suspected of complicity in the bomb outrage.

Grantcharoff was found at a farmhouse and was shot and instantly killed when he refused to surrender.

D'ANNUNZIO PLANS FOR SOUTH AMERICA FLIGHT

(BY CABLE AND ASSOCIATED PRESS)

ROME, April 29.—Plans virtually have been completed, according to the Epoca, for a flight headed by the poet and aviator, Gabriele D'Annunzio, from Italy to Buenos Aires during June. Two hydro-airplanes will be used in addition to D'Annunzio the party will include some of Italy's prominent flyers.

## MINE UNION BAN IS FIRE PENALTY

West Virginia Company for Open Shop

Sabotage is Charged Against Ousted Strikers

State Troops Established at Trouble Scene

(EXCLUSIVE DISPATCH)

MORGANTOWN (W. Va.) April 29.—The Gilbert Davis Coal Company, operating some of the largest mines in the northern part of this State, today announced they will no longer recognize any labor union and that from now on all their mines will be operated on the open-shop basis.

When the United Mine Workers of America declared a strike against the Gilbert Davis Coal Company on the 1st inst., the mine officials closed their properties. Several days ago they commenced operation with nonunion labor, and on Monday three of their coal tips were burned, with a loss of \$200,000. The fire is believed to have been of incendiary origin and is being investigated.

Today, with the mines operating on practically full schedule, E. H. Gilbert, an official of the company, said:

"Our company is done with the union and will never again recognize the organization. Hereafter all our mines will run on an open-shop basis."

We signed the Jacksonville agreement against the union, and judgment a year ago, hoping conditions might improve and warrant continued operations," the mine owner said. "At present, however, we have continued the mines in operation during the year, and this is our reason."

A new substitution of the State police was established on the Gilbert Davis property today, making the seventh substitution of the troops installed in Monongahela county since the strike was called.

Monongahela county has developed into the battle ground in the fight of the United Mine Workers to retain its foothold in Northern West Virginia, and Gov. Gore is keeping in direct touch with the situation here in order to take steps necessary to handle any disorders that might arise.

Reports State Beck Has Quit Solicitor's Post

(EXCLUSIVE DISPATCH)

WASHINGTON, April 29.—James M. Beck, Solicitor-General of the United States, has resigned, according to reports in authoritative quarters here tonight, and official announcement to that effect is expected to be made from the White House within a few days.

William D. Mitchell of St. Paul, a former law partner of Associate Justice Pierce Butler, it is said, has been selected by the President to succeed Mr. Beck.

Atty.-Gen. Sargent denied Mr. Beck's resignation had come to his desk. He admitted, however, that he had heard the voluntary resignation of Mr. Beck.

THREE DEAD IN TEXAS STORMS

(Continued from First Page)

around Sioux City, ice was formed in a number of places, but the damage to fruit and field crops was negligible, owing to a severe gale through the night. Snow was reported at Carroll, Webster City and other places. The temperature dropped to 35.

The frost damage was heaviest in Minnesota, with the Red River Valley the chief sufferer. The big fruit crop was said to be seriously endangered by the continued cold weather.

TWO QUIT BOARD OF DENTAL EXAMINERS

(BY A. P. NIGHT WIRE)

SACRAMENTO, April 29.—John W. Hodgett of Lodi and Arthur C. Hackett of San Francisco today tendered to Gov. Richardson their resignations as members of the State Board of Dental Examiners. In accepting the resignations, the Governor thanked the officials for their services to the State. Their successors have not been selected.

Score of Poles Steal Yacht in Dash for States

(BY CABLE AND ASSOCIATED PRESS)

HAVANA, April 29.—The police assert that twenty or more Poles and other Europeans today took the yacht Silvio from her moorings at Jaimanitas, ten miles west of Havana, and put to sea, headed northward.

The owners of the yacht have communicated with the American naval station at Key West and the U. S. Coast Guard Service, requesting that the Silvio be sighted she be captured and held.

## PLANES TO INAUGURATE AIR SERVICE

San Francisco to Fresno Machines to Take Off on First Trip Today

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, April 29.—Three airplanes capable of a speed of 100 miles an hour and each capable of accommodating the pilot and two passengers, are to inaugurate an "air cab" service between San Francisco and Fresno tomorrow for the Checker Air Cab Company.

The airplanes will take off from the Marine field at 6 a.m., and will arrive in Fresno at 8 a.m. Passengers and pilots will be taken in charge by a Fresno reception committee. The party will leave Fresno in time to arrive in San Francisco at 5 or 6 p.m.

Among those who will make the trip are Charles K. Field, editor of Sunset Magazine; Dr. B. M. Rastall, manager of California's Inc.; C. E. Persons, executive of an advertising agency; George North, director of publicity for the San Francisco Chamber of Commerce; and W. L. Miller, secretary of the Oakland Chamber of Commerce.

On Friday, Dr. Rastall will fly to Hollister for the dedication ceremonies of the Pinnacles National Monument. He will fly to San Francisco in an airplane on the same day.

HIT CHURCHILL BUDGET PLAN

said, had made the prospect of the Labor party in the future negligible. Nobody could look on the trade situation with anything but anxiety, and he welcomed the relief and encouragement given by the manager of the McKenna duties. Likewise he was pleased at the return of imperial preference for one could see from events in South Africa, what had been the consequence of Great Britain's failure to give reciprocal terms to her colonies.

NOTABLE PROGRESS IN FINANCIAL YEAR

(BY A. P. NIGHT WIRE)

WASHINGTON, April 29.—The British financial year 1924 was one of "notable progress," the Commerce Department was advised by Charles E. Lyon, trade commissioner at London, in a report made public today which credited the money-rate increase last July with inspiring confidence.

Collateral influences, the commissioner reported, also improved the situation, which bore the "shadow of uncertainty" inherited from 1923, and the London conference on the Dawes reparations report was regarded as a strengthening factor in the "new era" that opened with August, 1924, in British financial circles.

## To Just Forty-nine People THE AUTOMOBILE OPPORTUNITY OF THE YEAR

**W**HEN a car is traded in after but two or three years' of use, the owner takes a needless loss because he must absorb such items as federal tax, freight, handling charges, selling costs and an enormous depreciation expense. There is only one remedy for this wasteful practice... *Better Automobiles.*

In line with a definite program of expansion the Case Motor Car Division present a new Ten Year Car. That the people of Los Angeles may quickly know what is provided in better and yet less costly motor car transportation forty-nine cars are to be distributed on practically a cost basis.

This plan is sponsored by an eighty-four year old organization known throughout the world for the mechanical excellence of its products and for twenty years as a builder of fine motor cars in small quantities.

There are forty-nine men and women in Los Angeles who know Case quality and know the advantages of owning a car in the \$2000...\$3000 class. These people will quickly take advantage of "this opportunity of the year" and buy the new Ten Year Car.

## NEW GRIEF FOR RUM BOTTLERS

Counterfeiting Revenue  
Stamp is Prison Offense

Federal Agents Rearrest  
Fined Bootleggers

Arizona Evaders Up Against  
Hard-Luck Run

(SPECIAL DISPATCH)  
PHOENIX, April 29.—A new way has been found to throw fear into the defiant ranks of the bootlegger clan. Much of the spurious liquor now sold in Arizona bears labels, sealed over the corks, showing that the stuff was "bottled in bond" in some prewar year. Within is the usual poison, bottled while warm from the still.  
A few weeks ago Sheriff Johnny Moore raided a distilling plant a few miles from Phoenix in which was found a complete mechanical bottling apparatus that had completed a very workman-like job in turning out fifteen cases of "Gordon gin" and a few more of "Kentucky whisky." All were attractively labeled, the whisky bearing also apparently authentic revenue stamps, such as issued by the United States Internal Revenue division.

**LIQUOR SMUGGLED**  
About 500 such stamps were found, as well as a few thousand liquor labels. Much of the liquor was compounded of cheap Mexican alcohol, flavored to suit, the stuff assumed to have been smuggled across the international line in large cans, of which many were found.

The defendants, Ross Banta, William J. Davis and W. C. Lemmon, turned over to the Federal authorities, duly were convicted of bootlegging and were fined. But now they are in worse plight than before, for Asst. U. S. Atty. George Wilkins "squeaked" up a Federal statute of 1921 making it a felony to counterfeit revenue stamps or to participate in the use of such counterfeit stamps. Attached is five-year penitentiary sentence. The three have been rearrested on the new charge, which is declared similar to one charging utterance of counterfeit currency.

**STILL MORE TROUBLE**  
Still more trouble is materializing for the liquor vendor for convictions now are being followed up by the Internal Revenue Bureau of the Treasury Department. Still in effect is the old statute that demands possession of a manufacturer's or dealer's license by any person engaged in the liquor business. James Wheeler has been attached to the office of Frank R. Stewart, Internal Revenue Collector for the Arizona district, for the purpose of attending to just this class of cases. Within a couple of years he has collected about 1500 in license fees and penalties from 114 offenders. For every gallon of liquor captured in a raid, the offender is compelled to pay a tax of \$5.40.

## Calles Moves to End Double Rule in Tepic

(BY CABLE-EXCLUSIVE DISPATCH)  
TEPIC, (Nayarit, Mex.) April 29.—Energetic measures, by President Calles to terminate the political farce existing in this Nayarit capital for several months are evident in the arrival here of a considerable body of Federal soldiers with instructions to uphold law and order. A new Governor has been appointed, and the Federal forces are at his command.

Since the last municipal election two political factions have claimed victory. Two sets of executive and administrative officials have attempted to administer the city's affairs. As a result confidence in municipal administration has been shaken, and business men harassed by contending officials. While no bloodshed has ensued, yet the determined resistance of both factions has brought the situation to a crisis.  
The new governor is rapidly clearing up the tangled situation, and it is expected that the usual pacific and orderly condition of Tepic's local affairs will soon be restored without unduly disturbing the tranquillity of the city.

## Blast in Rubber Plant Kills One and Injures Six

(EXCLUSIVE DISPATCH)  
MALDEN (Mass.) April 29.—Explosion and fire in the varnish and cement house of the Boston Rubber Shoe Company today took a toll of one life, possibly more, injured six, threw 2500 rubber workers into a panic and rocked the factory district of this city. Company officials said one other man was missing, but employees declared three were missing.

## UPHOLDS CITY IN CHANGE OF RATES

(EXCLUSIVE DISPATCH)  
AUSTIN (Tex.) April 29.—In a decision just rendered by the State Supreme Court in the case of F. J. Geller on appeal from Dallas county, the right of a city to regulate rates of public utilities without submission of any proposed change to the electorate was upheld.  
Geller attacked the right of the city of Dallas to grant a 6-cent rate to the Dallas Railway Company as authorized in an ordinance passed June 24, 1922. He held that under the franchise to the company granted in 1917 the rate was set at 5 cents, and that this should be maintained for the life of the franchise. He said no revision could be made without submission of the question to the electorate.

**BULLET WOUND FATAL**  
(EXCLUSIVE DISPATCH)  
GALLUP (N. M.) April 29.—C. V. Watson, Santa Fe operator at Grants station, has died of a bullet wound through the head, reported to have been received accidentally as he was handling a pistol.

### ORATORS IN MEXICO CITY ENTER TEST

'El Universal,' 'The Times' Praised for Efforts on Constitutional Rule

(BY CABLE-EXCLUSIVE DISPATCH) MEXICO CITY, April 29.—The first entries in the national Mexican oratorical contest on the Mexican Constitution, modeled on a similar contest originated by The Los Angeles Times, were received today from a group of students from the law college of the National University of Mexico.

Government officials, educators, business and professional organizations are enthusiastic over the contest and the benefits to be derived. The contest is being sponsored by the newspaper 'El Universal,' with the co-operation of Dr. Glen Levin Swiggett, one of the best known workers in behalf of Pan-American understanding and a representative of The Los Angeles Times here.

In an article written for 'El Universal' today by Dr. Swiggett, he declares that the newspapers have shown themselves a powerful agency for the building of international good will and that papers like The Times and 'El Universal' are especially to be praised for their disinterested efforts in behalf of constitutional government.

SATURDAY, MAY 2, by a Public Reception from 3 to 10 p. m. the Security Trust & Savings Bank will open the new building of its Long Beach Branch. A general invitation is extended to inspect the new building. The Branch will open in its new home, Monday, May 4.

Thirteen stories, of highly decorated architecture, the building is a monument to the success of the first bank established in Long Beach. The Banking Rooms are of unusual elegance and beauty, paneled in beautiful walnut, and with a wealth of sculpture, ornamental bronze, polished marble and mural art.

We feel that this is a building, our pride in which can be shared not only by the City of Long Beach but by the people of the entire Los Angeles Metropolitan area.

## Hot Water-Instantly!

Business-Like Efficiency for Homes

And \$75 is Now All it Costs (\$90 buys the larger model)

THOUSANDS of women have wanted instantaneous hot water. They have wanted unlimited hot water. They have wanted all the advantages of automatic hot water, but they have been timid about making their wants known because—well, the price seemed high.

This is to inform them that price is no longer a delaying factor. Hoffman Automatic Water Heaters are ready for any home at a price that is within reach—very low, in fact. Convenient terms if desired.

## HOFFMAN

Automatic Gas Water Heaters

After installation of your Hoffman, hot water is instantly available, at any time, at the mere turn of the faucet. No lighting and turning out the gas. Its operation is entirely automatic.

Hot water that is fresh and untainted by tank-rust and sediment. Hot water that is economical. You pay to heat exactly the quantity used—no more.

A water heater that is the equal in convenience and efficiency with appliances men daily use in their business and which save time, work and money.

**\$75 Brings Your Hoffman**

Convenient Terms if Desired

There's a model exactly suited to the needs of your home and which will bring you satisfaction you've never before experienced.

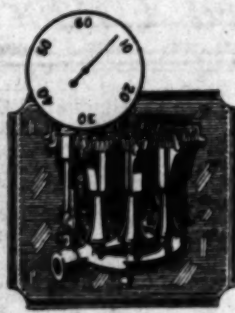

Come and see these models demonstrated. Get full information as to prices as well as convenience. You'll find both really surprising.

### REMBRANDT SUIT TESTIMONY ENDS

Oil Magnate Real Plaintiff, Defense Charges

Prince Yousouppoff Fights for Two Pictures

Sale is Kept Secret in Fear of Bolshevism

(BY A. P. NIGHT WIRE)

NEW YORK, April 29.—With testimony in the Yousouppoff-Widener suit finished and final summations under way, as Gov. Miller, counsel for Joseph E. Widener of Philadelphia, today reiterated claims of the defense that "Calouste S. Gulbenkian is the real plaintiff in this suit."

Gulbenkian, British subject, but Rumanian by birth, wealthy oil magnate and credited with owning the largest private art collection in Europe, previously been referred to by defense counsel as "the sinister figure" in the case in which Prince Felix Yousouppoff of an old family of Russia is suing to recover from Mr. Widener two Rembrandt portraits which, he stated, he sold to Mr. Widener in 1921 for \$190,000.

Gulbenkian in a deposition taken in Paris and brought to evidence in the case, admitted he had advanced \$120,000 to Prince Yousouppoff to finance his suit.

Clarence J. Shearn, the Prince's attorney, will sum up his case tomorrow.

Testimony in the trial came to an end shortly after noon, when Mr. Widener, wearing an expression of relief, left the witness stand, where he had been subjected to a searching cross-examination for nearly two days by Mr. Shearn.

The climax in the cross-examination came when Mr. Shearn elicited from the witness the admission that he "knew" Prince Yousouppoff never wanted to sell the pictures.

Mr. Shearn asked Mr. Widener why he had asked the Prince to keep the transaction a secret.

"I was picking up a number of bargains that year and I didn't think it would be a good thing to have it known publicly that large sums of money were being spent for works of art just then. I thought it might foster a spirit of Bolshevism," Widener replied.

**British Pleased by United States, Canadian Amity**

(BY A. P. NIGHT WIRE)

WASHINGTON, April 29.—Great Britain is not jealous of the growing friendship between her self-governing possessions and the United States, Sir James Howard, British Ambassador, told the Canadian Society here last night, but the great mass of the British people are glad at signs of growing confidence and good will.

**Hawaiian Sugar Yield Expected to Set Record**

(BY A. P. NIGHT WIRE)

HONOLULU, April 29.—Sugar Factors Company, Ltd., estimated that the 1925 sugar crop in Hawaii will amount to 735,000 tons, breaking all records.

The estimate exceeds the figures of last year's record crop by 25,000 tons.

**FOREIGN COMPANIES SUED FOR INCOME TAX**

ACTION FILED AT BAY CITY SEEMS TO COLLECT \$91,000

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, April 29.—Suit against the Consolidated Exporters Corporation, Ltd., and the Canadian-Mexican Corporation, Ltd., of Vancouver, B. C., to collect approximately \$91,000 in income taxes, penalties and interest for 1924, was filed in Federal court here today. It is alleged the companies did approximately \$1,000,000 worth of business in the United States last year on which no income taxes were paid.

The suit is in the form of a lien against property owned by the companies in California, said to comprise two merchant ships, the Quindra and Coal Harbor, both of which were seized some time ago for alleged run running.

**EXPERT TO REPORT ON ARGENTINA RESOURCES**

(BY A. P. NIGHT WIRE)

WASHINGTON, April 29.—H. Foster Bain, director of the Bureau of Mines, returned today from a five-months' visit to Argentina, where, at the request of that government, he made an exhaustive study of the possibilities of developing iron and steel production. He started work on a report of his findings which he plans to deliver late this week to the Argentine ambassador.

**FORD AGENTS SEEKING MEXICO PLANT SITE**

(BY CABLE AND ASSOCIATED PRESS)

MEXICO CITY, April 29.—Agents of the Ford Motor interests are seeking a site in Mexico City for establishment of an assembly plant. The site of the plant in view of the number of workmen it will employ, is unknown.

**MOTHER RISKS LIFE FOR SON**

(EXCLUSIVE DISPATCH)

YUMA (APRIL 29).—Mrs. J. A. Rodenbaugh of Winterhaven, at the risk of her life, saved her 2-year-old son from death in a blazing closet. While the mother slept the child found matches on a high shelf and ignited hanging clothing in a closet into which he had secreted himself. The mother, awakened, jumped to the rescue, rolled the boy in a blanket and then saved the house from destruction. The child was badly burned, but is expected to recover. Mrs. Rodenbaugh was scorched about the hands and arms.

## Gives Greater Selectivity and Sensitivity

GREBE Binocular Coils are unaffected by local interference. Therefore the Synchrophase can cut through powerful local stations at will, picking up and amplifying feeble waves from distant stations. All but the desired station are completely shut out. These coils are an exclusive feature of the Synchrophase and account for its greater Sensitivity and Selectivity.

Furthermore, the Synchrophase does not re-radiate and affect your neighbor's set.

Other exclusive Grebe features add to the pleasure you get from this receiver:

S-E-F (straight line frequency) Condensers permit quick, easy and certain tuning because all stations have equal spacings on the dial. Crowding of short-wave stations at the lower end of dial is thus avoided. Stations take the same numbers on all dials. Volume Control allows six gradations of sound without the usual distortion so evident when sound volume is cut down by reducing the filament current.

Unlike sets made of assembled parts, where the maker has no control over their design and quality, every detail of the Synchrophase is designed and built in the Grebe factory. We are able to control rigidly the quality and construction of all parts so that they co-ordinate perfectly. This makes possible the unsurpassed performance of the Grebe Synchrophase.

This excellence in construction extends also to the Synchrophase cabinet. It is beautifully designed and built of solid mahogany, highly polished and with delicately embossed gold escutcheons.

Compare all sets carefully, but before you decide, you owe it to yourself to have all the qualities of this supreme radio set—the Grebe Synchrophase—demonstrated for you at the nearest Platt Music Store.

"Those who are not too fond of better do not desire reputation."

The Grebe reputation is built on honor and the determination to do everything in the best way.

## FOREST FIRES PARLEY TODAY

Conference to be Conducted  
at Top of Mt. Lowe

Federal, State and County  
Officials Will Attend

Prevention and Checking of  
Outbreaks to be Topics

The fire demon will be raked over the coals at a forest-fire prevention conference to be conducted today and tonight at Mt. Lowe Tavern, on top of Mt. Lowe.

The conference, which will be under the auspices of the Conservation Association of Southern California, is one of far-reaching importance not only to the people of Southern California and the entire State, but it concerns thousands of tourists who will come to California planning to enjoy the forests and streams of the Golden State. Federal, State and county forestry officials will attend the conference along with representatives of civic, commercial and agricultural organizations of Southern California.

The purposes of the conference are the crystallizing of public interest in the forests and brush that protect the waterheds of California and to go over plans that have already been laid and work that has been done, not only to prevent forest and brush fires, but to handle them once they break out. It is a conference in which those who ride to the mountains in the family river, the happer who likes to hike and the captains of industry should be vitally interested.

The conference will open with a luncheon at noon in the new Mt. Lowe Tavern. W. S. Rosecrans, president of the Los Angeles county conservation organization, will preside. H. S. Bissell, past president of the Conservation Association of Southern California, will preside over the afternoon session.

Among those who will attend will be Maj. C. G. Dunwoody, director of the conservation department of the California Development Association; United States Senator Samuel M. Shortridge; George P. Clement, director of the agricultural department of the Los Angeles Chamber of Commerce; Paul G. Redington of San Francisco, district forester for the United States Forest Service; M. H. Pratt, State Forester; George H. Cecil, supervisor of Angeles National Forest; Stuart J. Flinham, Los Angeles County Forester, and Assistant Forester Thurston; Prof. W. F. Adams of Mt. Wilson Observatory; K. A. Ryerson, former director of the local Farm Bureau, and many other prominent persons.

## De Broqueville Will Organize Belgian Cabinet

(BY CABLE AND ASSOCIATED PRESS)  
BRUSSELS, April 29.—Baron Charles De Broqueville, ex-Premier, has been asked by King Albert to form a new Belgian Cabinet to succeed that of Premier Theunis, which resigned the 5th inst.

Baron De Broqueville accepted the mission and declared that he would attempt to form a government in accordance with the results of the recent elections. Later, the King summoned Senator Segers, a former Minister and a Catholic. After leaving the conference with the King, M. Segers said he believed a solution of the Belgian Cabinet situation was close at hand.

## Boys Omit Ties as Protest on Girls' Hosiery

(BY A. P. STORY WIRE)  
GLADSTONE (Mich.), April 29.—Two hundred boy students of Gladstone High School—all but one boy of the four upper classes—were expelled today for coming to school minus neckties and with their collars unbuttoned.

The boys informed the teachers they would obey the dress regulations only when the girl students were compelled to stop wearing their stockings rolled.

## NEW POINT NOW UP IN RAILROAD LAND CASE

EVIDENCE IS PRESENTED TO  
SHOW NORTHERN PACIFIC  
DEFEATED GRANTS

(BY A. P. STORY WIRE)  
WASHINGTON, April 29.—Another point in the controversy between the government and the Northern Pacific Railway Company was taken up today by the Congressional commission investigating the company's land grants. D. O. McGowan, attorney for the Forest Service, presented evidence which he said would show that the company had defeated its grants under the acts of 1884 and 1876 by the methods used by it in selecting certain lands to compensate it for acreage surrendered to the government.

The controversial claim involves approximately 15,000 acres of land and the company contends that it still is entitled to about 47,000 acres in lieu of the acreage surrendered.

## MEXICAN WORKERS AID TEACHER'S PAY DEMAND

(BY CABLE AND ASSOCIATED PRESS)  
MEXICO CITY, April 29.—Five thousand employees of seven large cotton mills at Atlixco, Puebla State, have joined the general State-wide strike declared by the syndicalist confederation in support of the school teachers' demands for payment of back salary by the State government. Attempts to cut off the public services in Puebla City and the other larger towns have thus far failed through the use of Federal troops but the walkout has virtually halted industry throughout Puebla.

## RAT BUREAU IS EXTERMINATED

Rodent Catchers Declared Revenue Eaters

More Vermin Accounted for Than Are Caught

Health Officer Assigned to Carry on War

The ordinance governing the activities of the rodent extermination bureau was repealed by the City Council yesterday after the bureau's officials were bitterly criticized, and the work given over to the control of City Health Commissioner Parrish.

The action was in line with the recommendation of the Council Finance Committee, which on Monday adopted Efficiency Director Knox's report protesting against the large expenditures of the bureau.

Heretofore the bureau has been operating under Dr. Dickie of the State Board of Health. Several Councilmen expressed the opinion that Dr. Parrish was capable of handling the work and should be given full charge.

In answer to a question by Councilman Criswell, Chairman of the Finance Committee, he stated that the State will continue the work of tearing down condemned buildings, a procedure to which many complaints are made.

Councilman Allan, when the matter was called up, arose and charged that the bureau was a "cancer" and that "conditions were intolerable." He then read a letter from a former employee, in which it was stated that the first two months of the campaign the report of mice caught was 1234 in excess of the actual figures. The name of the writer was withheld, Councilman Allan. Some of the officials or employees of the bureau were present to give their side of the question.

## Mexico Begins Liquidation of Business Debts

DET ROYAL AND ASSOCIATED PRESS

MEXICO CITY, April 29.—Federal and Treasury officials have started payment of the first installment of the amounts owed to Mexican business houses since the beginning of the De la Huerta revolt on December 1, 1912, totaling approximately \$4,000,000. The first payment amounts to \$600,000. It will be followed the middle of next month with \$750,000. The government expects to liquidate the entire indebtedness on August 1.

## State Sues 148 Corporations to Recover Taxes

DET A. P. PRESS WIRE

SACRAMENTO, April 29.—One hundred and forty-eight suits were filed by the State in Superior Court here today against as many corporations to recover a total of \$27,544, alleged to be due the State as corporation taxes. Amounts sought as corporation taxes run from \$13.16 to \$1571. The largest amount being sought from the Long Beach National Bank. Similar suits are filed yearly by the corporation department.

## Four Sailors Resentenced on Dry Charge

DET A. P. PRESS WIRE

GALVESTON, April 29.—Four members of the crew of the British schooner "Island Home" were resentenced here today in Federal court for violation of the prohibition laws. They are George R. Canada, eighteen months; imprisonment and fined \$1000; Jesse Dyson, fifteen months; Archie Hamilton and Tock Adams, each a year and a day.

The Federal Court of Appeals affirmed their previous conviction. The "Island Home" was seized in the Gulf of Mexico, near here, with a cargo of liquor.

## BAY CITY ENGINEERS WANT PAY EQUALIZED

LABOR BOARD TAKES CASE AGAINST THREE ROADS UNDER ADVISEMENT

DET A. P. PRESS WIRE

CHICAGO, April 29.—The engine room today lifted its voice against the officers' cabin. Contending that the officers were getting too much more pay than the men in the stokeholes, 104 ferryboat engineers of San Francisco arose, not in mutiny, but in appeal to the United States Railroad Labor Board. Three roads, the Santa Fe Coast Lines, the Western Pacific and the Southern Pacific, were respondents.

The men, organized in the Marine Engineers' Beneficial Association, were represented by a Chicago Bureau of Labor statisticians, A. J. Hancock, San Francisco, of the Southern Pacific, was here to present the view of the railroad. The board took the unusual appeal under advisement, after a brief hearing.

## NICARAGUAN VOLCANO SHOWERS BLACK ASHES

DET CABLE AND ASSOCIATED PRESS

MANAGUA (Nicaragua) April 29.—For two days an incessant rain of black ashes from the volcano Ometepe, situated on an island in Lake Nicaragua, has been falling in the vicinity of 20 miles. Ometepe became active again a few weeks ago as did some smaller Nicaraguan volcanoes. The opinion is expressed here that this activity is safeguarding the country against severe earthquakes for the present.

*Absolutely....the Finest Store of its kind in America  
a gift from the women of Los Angeles*

## A New, Elaborate VOGUE

"How any woman can desire to trade anywhere else—once she has visited your new, greater Vogue—once she has seen your exclusive beautiful merchandise and noted its honest pricing—is beyond me," stated the head of one of the world's greatest groups of specialty shops for women the other day.

"Had I the heaven's embroidered cloths  
Enwrought with golden and silver light,  
The blue and the dim and the dark cloths  
Of night and light and the half light,  
I would spread the cloths under your feet:  
But I, being poor, have only my dreams;  
I have spread my dreams under your feet;  
Tread softly because you tread on my dreams."

—W. B. Yeats, The Golden Book

**W**HAT better time than the first of May—with its songs of brooks and blossoms, birds and bowers, may poles, bridegrooms and bridal cakes—the month of pageantry—to present the new, greater, beautiful VOGUE?

Already considered the finest building, which houses Specialties, anywhere in the world this glorious pile of marble now presents five floors and sixteen proprietor-specialists, considered leaders in their Specialties throughout the nation, in serving you the finest merchandise obtainable anywhere in the world.

It has taken eight years to perfect the Plan extraordinary and the ultra-extraordinary Personnel which the name VOGUE now will mean to you.

There is no other Store like it anywhere, but many another store will frantically endeavor to imitate the new, greater VOGUE.

*Five beautiful, sun-clear floors  
Reigned by quality, originality  
in an atmosphere of good taste.*

From the new third floor, in its ivory and pastel green, where audacities for the daring—the unusual for the ultra—and simplicities for the young—in glorious coats and wraps intrigue, to the bright beauty of the Down Stairs Shops, never a mediocre note anywhere.

The new, greater VOGUE means diversity, novelty, discrimination and quality. Everything from glove to gown, from chapeau to boot, from peignoir to perfume with the langours of May's paradise of flowers, expresses a discrimination which gives vitality to variety.

Someone suggested we call the new, elaborated VOGUE a "gift to the women of Los Angeles". Really it is a gift from the women who have patronized VOGUE in the past to the West, to America.

The chic bootery on the mezzanine floor, the cosy intimate feeling to the new arrangement of the millinery shop on the street-level floor, the new exhibition of the hosiery, and the resplendent second floor with its exclusive imported and New York gowns and negligees—each and every department of the new, greater VOGUE contributing, without qualifications, to the civic pride of Los Angeles, with a new standard of quality, value, service.

Even the great, new elevator, serving the five floors, is a "Rolls Royce" conveyor and said to be the finest elevator ever made in the history of the Otis Company.

*Catering to the Women, the Daughters, the little Girls of the Pacific Southwest  
—a Store Beautiful, Dutiful—Offering Finer Qualities, More Originalities than  
Ever Before—Selections Limitless, Prices that are Not—and No Tribute, No  
Taxation for the Privilege of Exclusiveness.*

## FESS ATTACKS DAWES REFORM

Senate Gag Would Increase Bill Flood, He Says

Advocates Making Senators Stick to Subject

Warns of Peril to Party Rule in Bloc Popularity

(REUTERS DISPATCH)  
 WASHINGTON, April 29.—Senator Fess, Republican of Ohio, today attacked the change in the Senate rules urged by Vice-President Dawes, declaring that placing a time limit on debate would mean stimulation of the present "mania" for the passage of a multiplicity of laws.

"Under the change advocated by the Vice-President we would find this country passing more laws than ever," Senator Fess declared.

"Some change in the rules, however, is needed. The change which I believe will be made in the next session is a rule compelling Senators to stick to the subject of debate."

Besides attacking the Dawes plan of limiting debate in the Senate, Senator Fess issued a statement calling for an awakening of the public to the evils of "insurgent" rule in Congress, declaring that the perpetuity of the American system of party government is endangered and depends upon placing the real situation before the people.

Denouncing the insurgents and legislative bloc, Senator Fess declared that as long as the public applauds the independent in politics who ignores party discipline and who refuses to do team work in the interests of the party program, then insurgency will grow.

Senator Fess cited the Sixty-eighth Congress as an example where the party which was absolutely irresponsible to the voters was able to dictate legislation. Prior to issuing his statement, Senator Fess called at the White House, where he told the President that his economy program was still popular.

**SECRETARY OF FOREIGN OFFICE DIES**

Death of Real Power in British Policies Abroad Leaves High Post Open

(ST. CABLE—REUTERS DISPATCH)  
 LONDON, April 29.—The death was announced today of Sir Eyre Crowe, permanent Undersecretary for Foreign Affairs, whose illness was revealed a few days ago. Sir Eyre died late last night.

He had been the real power of the Foreign Office many years and his death leaves open a post of highest responsibility in the British government, for the permanent Undersecretary must preserve the continuity of the British foreign policy under successive political chiefs.

The man entitled to the vacant post, both by seniority and experience, is Sir William Tyrrell, Assistant Undersecretary. Next in rank to Sir Eyre, he has been in actual charge of the office since the latter's illness. A strong intriguer exists, however, in favor of other candidates, among whom are Sir Ronald Lindsay, now Minister to Turkey.

**MAN FOUND THOUGHT TO BE STUDENT**

Discovery at Upland May Solve Disappearance of Five Months Ago

By a "Times" Staff Correspondent  
 SANTA BARBARA, April 29.—Sheriff Ross declared tonight description of the gold tooth man whose body was found partly buried by rocks near Upland fit that of Andre Barletta, Filipino student, who disappeared mysteriously here five months ago.

The gold teeth, the size and height and general description of the body in the Upland murder mystery, Sheriff Ross declares, tally exactly with the description of the missing man.

## NEW BAIL LAW PROMOTES COPS

New York Village Slicker For Form; Force All Officers Now

NYACK (N. Y.) April 29.—To circumvent a recent legislative enactment which requires that all bail taken from motorists on highways of this State must be collected by officers of the Police Department, the town of South Nyack has promoted its entire police force.

Where previously South Nyack had three policemen each equipped with a shiny nickel-plated shield, it now boasts of a captain and two lieutenants.

**CAPT. D'OISY MAY FLY ACROSS AMERICA**

(BY CABLE AND ASSOCIATED PRESS)  
 PARIS, April 29.—The Matin stated today that Capt. Pelletier D'Oisy of Paris-to-Tokyo fame, may be sent to the United States upon an official mission, in which case he would fly from New York to San Francisco in a French airplane.

**FLOUR MILLS SOLD**

(REUTERS DISPATCH)  
 ST. LOUIS, April 29.—The Kehler Flour Mills, one of the oldest milling establishments here, have been sold to the Marshall Hall Grain Company. With the purchase goes an elevator with a capacity of 500,000 bushels of grain and a mill with a daily output of 2000 barrels of flour. The properties are said to have a value of \$750,000.

**"Ask any Mechanic"**

**AFTER BABY WAS BORN**

Mrs. Miles Was Miserable a Long Time—Owes Final Recovery to Lydia E. Pinkham's Vegetable Compound

Dover, Ohio.—"After my last baby was born I was up and around again, but I was sickly all the time and did not know how to get my work done. I had wanted a heavy carpet and I think that was the cause of my troubles. I went to several doctors, but their medicines did not do me any good. I asked what the trouble was, for I could hardly walk and always had such pains in my left side and then in my right side. He told me I had inflammation that caused it. I had one of your text-books and was reading it, and I thought I would take Lydia E. Pinkham's Vegetable Compound. After four days of taking it I began to feel better, so I took three bottles without missing a dose. That helped me more than any other medicine I had yet taken and I always have it handy now. It surely did put me on my feet again."

**GOOD BERRY HARVEST**

(REUTERS DISPATCH)  
 VANCOUVER (B. C.) April 29.—Discovery of 250 tons of optimum here today concealed in the coal bunkers of the Canadian Pacific liner Empress of Russia brought the total of seizures in a fortnight up to 655 tons. Ninety-six tons were found on the vessel when it docked here ten days ago. On the Tardarus of the Blue Funnel, 300 tons were taken.

**ESTEY**

—studio grand pianos for lifetime satisfaction

**\$735**

FOR years—for generations the name Estey has stood for indisputable quality. The possession of an Estey shows a discrimination—an appreciation of quality in an instrument that is bought for lifetime service. The Estey studio grand is interestingly and conveniently smaller than the concert grand—yet large enough for superb tonal qualities. The Estey only at Barker Bros. in Los Angeles.

# Once in 50 Years Such a Sale!

## \$4.95 and \$5.95 Silk Undies Anniversary Price, \$2.95

—You'll simply revel in the array of lovely garments we've assembled for the opening day of the Anniversary! Tub silk princess slips, some with embroidered flounce and some lace trimmed ones that have cotton drop. A limited number of plain radius princess slips with shadowproof hem. Also crepe de chine stepins and envelopes in tailored and lacey styles.

Second Floor, No. Bldg.—Jacoby's

## It Begins Friday—Not This Morning —at 9 o'clock

—No room for even a short history of this store—the 50 years speak for themselves—and you have our assurance that this sale is going to be all that you would expect a Fiftieth Anniversary Sale to be—

—Note please, that this is but one of a great series of advertisements that we have taken for the opening day. Be sure that you see them all!

—And remember, this is not a one-day sale, but is to continue all during the month of May.

—Look for the GOLD SIGNS—for they all mean GOLD to you!

## Roman Stripe Scarfs, \$1.00

—They are of Rayon in generous length and the ends are fringed. Ridiculously under regular at \$1.00!

Main Floor, No. Bldg.—Jacoby's

## Sensational! Voile, Broadcloth And Linen Dresses at \$3.95

—1000 of these dresses—all fresh and new!

—A very prominent maker joined with us in making this opening Wash Frock sale something to remember! They are lively sellers at \$5.95. And, to the scores who know how Jacoby's features frocks at \$5.95 and thereabouts, that adds a world of importance to this item!

—Everfast tailored frocks that are absolutely guaranteed to launder—lovely voiles—many linens and some of the most alluring broadcloths you've seen in a blue moon or so!

Sale—Second Floor, No. Bldg.—Jacoby's

## 150 Marvelous TWILL COATS That Would Ordinarily be \$19.98 to \$25.00 Friday at \$14.75

## \$3.00 to \$10.00 Imported Bead Necklaces, Samples, \$1.95

—Their lengths vary from chokers to 48-in. strands and there's just about every style and color you could imagine! Tin cut imitation crystals, Italian mock jet, gallalith coral, composition bakelite amber and some decidedly chic duotone beads. We made a marvelously fortunate Anniversary purchase—you must see the beads to appreciate just what an extraordinary "buy" it was!

Main Floor, No. Bldg.—Jacoby's

## Just 576 Genuine B. V. D.s at 85c

—No phone or mail orders—none delivered and a limit of two to a customer—

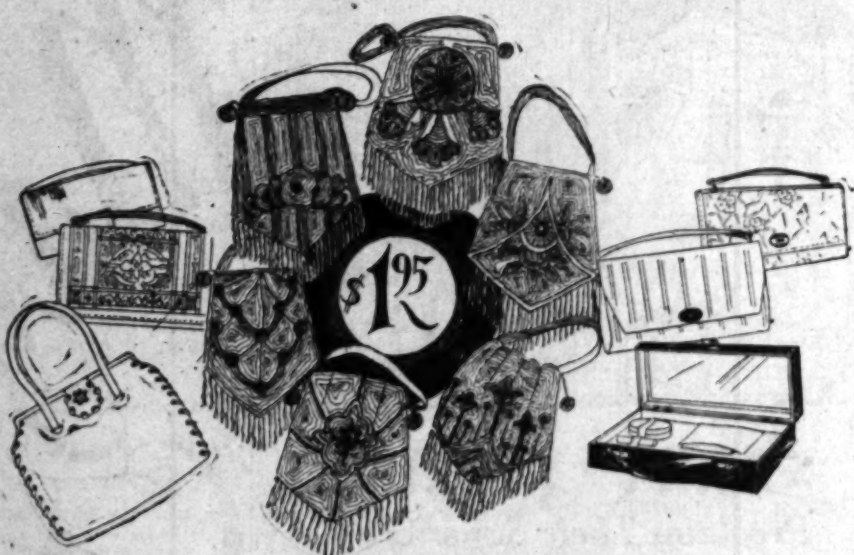

—Better come at 9 o'clock Friday!

Sale—Main Floor, No. Bldg.—Jacoby's

## Novelty and Plain Ribbons, Very Low at 10c

—Duotone effects, moires, grosgrains, taffetas and satins. Also lingerie and pretty figured ribbons. Widths from 5-8-in. to 5-in.

Main Floor, No. Bldg.—Jacoby's

## 1500 Leather Bags and Imported Beaded Bags, Friday at \$1.95

—Tremendously underpriced, every one—and there's just about every style and color a body could imagine! The leather bags are in swaggar and underarm styles. Some with imitation Florentine toolings, others with hand lacings, all well lined. Pin seal, pin Morocco, calf, pigskin and novelty grain leathers. Underarm vanity boxes in patent and cobra finishes. Some have novelty fittings and shirred pockets. The beaded bags are drawstring styles with bead fringe, well lined and have mirror inside.

Main Floor, No. Bldg.—Jacoby's

—Strictly tailored, some of them, and some are relieved with braid or button trimming. They are just the sort of coats one needs so much of the year in California—and, even at a higher price, you'd know them for values away beyond the sort you usually see even in feature sale events! Of especially good twill and all are fully lined. In navy, blonde, tan, gray, rust and henna. Sizes 13 to 44.

Sale—Third Floor, No. Bldg.—Jacoby's

## 600 New \$17<sup>98</sup> to \$25<sup>00</sup> Silk Dresses at \$12<sup>00</sup>

## 500 New TUNICS and OVERBLOUSES Usual \$5<sup>98</sup> to \$12<sup>98</sup> Sellers, Friday \$3.98

—Beaded and hand embroidered tunics of good, heavy crepe—some with touches of fur. There are some of the popular prints among the blouses and beautifully beaded and embroidered styles. Short, long and three-quarter sleeves. The right blouse for every age and occasion. There's white, Castilian, drapeau, fallow, Titian and gray. Sizes 36 to 46.

## 200 Wash Satin Overblouses

\$3.98 to \$4.98 Regularly at \$1.98

—Tailored blouses made with convertible collars, tiny pin tucks and pretty ties of self material. And the becoming peasant blouses with good buttons and contrasting pipings by way of trimmings. In white, fallow, and Castilian. Sizes to 44.

Sale—Third Floor, No. Bldg.—Jacoby's

## 1200 Pequot Sheets, \$1.42

—The 51x90-in. size, too! It's hardly necessary to say that we cannot fill phone or mail orders on them—and do not ask for C. O. D.'s.

Second Floor, No. Bldg.—Jacoby's

## \$5.98 Short Sleeved Rayon Sweaters, Anniversary, \$2.98

—Cleverly styled sweaters in plain colors and duotone effects. Such a variety that it is easy to find the right one to wear with 'most any skirt. Have convertible collars with ties and tassels by way of finish. Sizes 36 to 46.

Third Floor, No. Bldg.—Jacoby's

## \$1.00 to \$1.25 Japanese Parasols, 50c

—Of course you'll wonder, how, even for an Anniversary Sale we could make such a purchase as this. But, never mind, the parasols are here at 50c—but you'd better hurry.

Main Floor, No. Bldg.—Jacoby's

## 144 Electric Curling Irons, 50c

—The first hour will probably take every one flying out!

Main Floor, No. Bldg.—Jacoby's

## \$3.98 Plated Ware Anniversary Sale, \$1.85

—The very pieces you'll want for gifts and personal use, so radically under priced. There are guaranteed Pyrex pie dishes in nickel silver-plated holders, Chinese relish dishes and plain or handled roll or bread trays.

Main Floor, No. Bldg.—Jacoby's

## Corsage Flowers 39c

—Roses, carnations, pansies and gardenias in a bevy of the smart high colors.

Main Floor, No. Bldg.—Jacoby's

## MURMI BREAKS THREE WORLD RECORDS

### ANT BETTERS RECORD FOR 2500-METER WALK

Paavo Nurmi, the Finnish distance star, broke three world records at the Coliseum in which he set three new world records. Reading from right to left the men are Nurmi, Lloyd Hahn, Nick Carter, Les Hellman, Ted Shawhan, Mike Elwood and Willard Brown. Below Nurmi at the finish.

for the finish. Smouse brought the huge crowd out of their seats when he pulled a big surprise in turn by passing the Yankee champion on the back stretch. It looked for a moment as if the local man's spirit was going to carry him to victory, but the big effort sapped his energy and Plant ramblled into the tape a strong winner. The crowd got a terrific kick out of the event.

Johni Myra was almost lost sight of in the shuffle but officials managed to find time to announce that the world's champion had broken his own American mark by tossing the javelin 212 ft. His old mark of 210 ft. 5 in. was made here last Saturday. Such is the speed with which modern athletes bowl over records.

Kath Lloyd won the special 100-yard dash in 3.78.

**COLORFUL AFFAIR**  
The whole affair was undoubtedly the most colorful ever staged in Los Angeles. The crowd has never been equaled at a night track performance anywhere. With the exception of one spot quarter of a lap from the finish the track was splendidly lighted.

Nurmi leaves this morning at 7:45 o'clock for San Francisco where he races the Ritoia, his fellow-countryman over the two-mile route Saturday. The good wishes of all Southern California sportsmen go with the most popular athlete Los Angeles has ever seen. He'll be back again in 1927 to compete in the Olympic Games here.

The summary:  
The one-half mile run—Won by Paavo Nurmi, Lind Hahn second. Time 50.42.5-19. (New world's record.) Old record, 50.4-19.2.  
2500-meter walk—Won by Willie Plant (R.A.C.) Fourth finisher, A.A.C. record. Time 15m. 20.4.  
(New world's record.) Old record, 15m. 44.1-19.2.  
1100-meter race. Plant broke distance in 10m. 3.78. (New world's record.) Old record, 11m. 1.2-19.2.  
100-yard dash—Won by Kath Lloyd (U.S.C.) Second, Phyllis (P.T.) third. Time 3.78. (New world's record.) Old record, 3.8-19.2.  
100-yard dash, first heat—Won by Phyllis (U.S.C.) Second, Lloyd (U.S.C.) third. Time 3.78. (New world's record.) Old record, 3.8-19.2.  
100-yard dash, second heat—Won by Phyllis (U.S.C.) Second, Lloyd (U.S.C.) third. Time 3.78. (New world's record.) Old record, 3.8-19.2.

## KEATING'S HURLING, POOR UMPING FEATURE SAC WIN

### THE RECORD-FRACTURING PHANTOM FINN

Photo shows Paavo Nurmi, wonderful Finnish distance star, at the start of last night's mile and one-half race at the Coliseum in which he set three new world records. Reading from right to left the men are Nurmi, Lloyd Hahn, Nick Carter, Les Hellman, Ted Shawhan, Mike Elwood and Willard Brown. Below Nurmi at the finish.

## GEORGE KERRIGAN VICTOR OVER FLINTRIDGE PRO

### Bullock's Star Makes Great Fight to Turn Back Runner-Up in 1924 Southern

George Walter Kerrigan, Flintridge pro, defeated Hutt Martin, Bullock's golfing celebrity, 6 and 5 at Rancho yesterday for the Southern California professional championship.

Starting with forty-five holes Sunday, Martin entered the tournament and played thirty-six holes Monday and Tuesday—the effort to continue championship golf yesterday failed and Kerrigan, getting stronger as the tournament progressed, had little trouble keeping inside of the present southern open champion and had the match in hand from the start.

**TAKES HIS TIME**  
Kerrigan, one of the best golfers in the country, took his time through the strenuous play, and when Martin started to fail yesterday George tightened up, and the result was never exactly in danger, but trailing all the way after winning the first, Martin fought for every hole, and a series of stymies, all disastrous, helped Kerrigan much. Martin won the twelfth in the final round and, with the match dormie 6, halved the thirteenth, giving Kerrigan the match, 6 and 5.

Hutt started with a birdie 4 that won the first hole and they halved the next two with par 4's. Martin slipped one over par on the fourth and Kerrigan's par 3 evened the match. Another par on the fifth put the Flintridge ace in front and he was never headed and, after halving the sixth, George won the seventh with a par 5. Both were down in par 4's on the eighth, but Kerrigan's perfect 4 won the ninth and he was 2 up at the turn. Two par 4's won the tenth and eleventh and Martin recovered just long enough to sink a beautiful 3 to win the twelfth. Kerrigan shooting perfect golf, sunk a 4 for a win on the 274-yard thirteenth, but lost the fourteenth to Martin's 2. They halved the fifteenth and sixteenth, but Kerrigan's 5 on a 4 hole won the seventeenth. Martin was down in 4 to win the eighteenth and they stopped for lunch. Kerrigan leading, 4 up.

**AFTERNOON ROUND**  
The noon rest strengthened Kerrigan and the tall instructor from Flintridge uncorked three par 4's for two wins on the first three holes. Martin held a beautiful 3 to half the fourth, won the fifth with a par 4, but slipped one over par for a loss on the sixth. They halved the seventh and ninth, but Kerrigan dropped another putt for a win on the eighth for a win, but was unable to beat Kerrigan's 4 that won the match on the thirteenth.

**SECOND FLIGHT**  
Jack Malley, Annandale's popular lesson custodian lost one of the hardest matches of the week in the second flight—it turned out to be so hard that all cards were lost—but Malley had less than nothing to do with Gwyn Bowen's stalling win over Grant Halstead, 3 and 2, for the flight.

Willie Hunter and Hutt Martin tied for medal honors, each shooting a 70.

**SUMPTER QUITS DERBY**  
(BY A. P. NIGHT WIRE)  
JAMAICA (N. Y.) April 29.—Sumpter, owned by Robert Odum, today was withdrawn from the Kentucky Derby. Mr. Odum said that he preferred to have the colt in shape for future three-year-old battles rather than to jeopardize its chances by hurrying training for the turf classic.

## RALPH SMITH KAYOES O'DARE IN SIXTH

(EXCLUSIVE DISPATCH)  
SAN FRANCISCO, April 29.—Ralph Smith of Los Angeles knocked out Jack O'Dare in the sixth round of their scheduled ten-round fight at San Francisco tonight. The fighters were well matched until the knockout, and both proved to be exceptionally light on their feet.

## EARL SANDE RIDES WINNER AT JAMAICA

(BY A. P. NIGHT WIRE)  
JAMAICA (N. Y.) April 29.—Earl Sande, laid low by a broken leg in a race at Saratoga Springs last summer, rode today as of old. Mounted on Worthmore of the Everglades stables, Sande nosed out Wallace on Harry P. Whitney's Noah in the Paumonok handicap, opening feature of the Jamaica season. Fifteen thousand persons cheered the little jockey as he guided Worthmore from the pack and down the middle of the stretch, passing The Vintner and Serender.

**SMELL DECISION**  
Not only that, but in the last of the first, when the Angels had scored one run and had the bases full with two out, Umpire Schmidt called Jacobs out on a force play at second, although the Scraph shortstop was on the bag and ready to receive the throw.

(Continued on Page 15, Column 8)

## CHARLEY PADDOCK BEATEN BY CHINESE BALL PLAYER

(BY CABLE—EXCLUSIVE DISPATCH)  
SHANGHAI, April 29.—Charles Paddock of Los Angeles, world's champion 100-yard runner, now touring the Orient, remained in good humor when he was defeated by a Chinese baseball player here yesterday in a dash during a baseball game.

Paddock was caught off first base. A Chinese player pursued, overtook and tagged the "world's fastest human."

"The joke's on me," said Paddock.

## SENATORS HALT LOSING STREAK

Solons Tie Up Series Count With 7-to-3 Victory

## Keating Doesn't Allow Hit Until Eighth Inning

## Siglin and Davis Each Rap Drives Out of Park

BY ROBERT E. RAY  
Due to the efficient pitching of Mons. Ray Keating, plus the atrocious umpiring of Charley Schmidt and Billy Thyle, the soapy Solons from Sacramento downed the Cherubs, 7 to 3, yesterday, at Washington Park, and incidentally ended their eight-game losing streak. The game, like the weather, was unusual, which is polite for rotten.

Aside from being a terrible exhibition of the national pastime, the athletes took up two hours and twenty minutes of time to get through the nine innings. In Mexico the peons can get through with a perfectly good revolution in two hours and twenty minutes, thus proving the Sacs and Seraphs used up a lot of time without providing much excitement.

**ALMOST A THRILL**  
Keating almost provided a thrill by holding the Angels to no hits in seven and two-thirds innings. Bummer Grimes then stepping in and spooling his record by assisting a single to center. In the ninth the Angels got to Keating for three more hits and two more runs, having made their initial marker in the first inning on an error, two walks and a hit batsman.

Wayne Wright started on the mound for the locals and, as usual, had plenty of tough luck. Wright slipped over a perfect third strike on Shea for what would have been the third out in the first inning, but Phyle missed it. After that Shea singled to center, driving home a run. Davis lucked a hit over Krug's head when he tried to get out of the way of a ball, and Paddy Siglin homed over the left-field wall. That gave the Sacs four runs where they should not have had any.

**SMELL DECISION**  
Not only that, but in the last of the first, when the Angels had scored one run and had the bases full with two out, Umpire Schmidt called Jacobs out on a force play at second, although the Scraph shortstop was on the bag and ready to receive the throw.

## LATEST DEMPSEY BULLETIN

(EXCLUSIVE DISPATCH)  
NEW YORK, April 29.—Despite his failure to get the boxing commission to lift its ban on him yesterday, Jack Dempsey insists that he will be seen in action here late this summer.

The champion received a telegram from his manager, Jack Kearns, today in which Kearns told him he probably would have an important announcement to make within a few days. Dempsey interpreted this to mean that Kearns is closing for a bout in California early in July, soon after the champion's return from Europe.

Dempsey does not expect the California bout to be more than a tune-up affair with some fellow like Martin Burke, for instance, to whom Jack, the champion, has promised a bout if one can be worked in. Dempsey reiterated that he intended to do some boxing in Europe, and insisted that he could be ready to fight Willis or anyone else by September. Dempsey took out passports for himself and his wife yesterday and will sail for Europe next week.

# Grizzly Baseball Team Beaten by St. Mary's Nine in First Local Game

## NORTHERNERS IN 7-TO-4 VICTORY

Saints Rally in Third to Cop Contest

Errors Ruin Locals' Chances to Win Game

Pill and Patz Do Heavy Work at Bat

St. Mary's invasion of Southern California started off auspiciously yesterday afternoon when they defeated the Grizzly baseball team, 7 to 4, on the latter's home grounds. Two triples and a homer in the third were responsible for the northerners' victory and the spoiling of what should have been a perfect ball game.

Everett Morris replaced Rogers in the seventh. Morris is a slight, youthful looking fellow, but he seems to have the stuff on the ball that does the work in the old mound work. The St. Mary's bats scored two runs in the seventh on errors, and again in the ninth they tallied one run on an error.

Rogers scored one run for the local team in the third with his home run, unlooked for by none on. In the eighth the Cubs brought in the balance of their runs, getting two runs and three hits in that period. Patz started at bat for the Cubs with two hits out of three times at bat.

Pill, St. Mary's third baseman, hit a three-bagger and one two-base clout in three times at bat. Farrell and O'Rourke formed the visitors' battery and were opposed by Rogers and Morris, with Hodge catching.

## TOM HUGHES IS FATHER OF BOY

Tom Hughes, Angel right-hand hurler, was passing out smiles and cigars all over Washington Park yesterday celebrating the arrival of a seven and a half pound, bouncing baby boy. Thomas Hughes, Jr., arrived in the world early Wednesday morning. Tom announced that he'll make a pitcher out of his heir. Both mother and son are doing nicely.

## O'CONNELL ORGANIZES BUSH TEAM

Disbarred Giant Baseball Player Forms Club to Play in Northern California

(EXCLUSIVE DISPATCH) SAN FRANCISCO, April 29.—Jimmy O'Connell, former Giant and ex-Seal, barred from professional baseball by the edict of Commissioner Landis, and now in the cleaning and dyeing business, is organizing a semipro baseball team that will play games with such county teams in Northern California as can be arranged. O'Connell, championing at his own expense, has been busy for the past few days organizing his new club. The team is to be known as Jimmy O'Connell's All-Stars.

O'Connell is not prepared at this time to announce the names of the ball players, who will be associated with him, but it is expected that the team will be composed almost exclusively of former professional players.

## AFTER VILLA

Pancho Villa, greatest little boxer in the world, is coming to Los Angeles this summer and some good local boy will get a crack at him. It may be Fidel LaBarba, Newberry Brown or George Rivera. The last two fight at Hollywood tomorrow night. Victory means a lot to the winner.

## ANNANDALE STYMIED BY WILSHIRE

Visitors Routed in Last Game of Interclub Team Golf Series

Bowling over Dr. Paul M. Hunter, former Southern amateur champion, and F. E. Chaffee, Norman Macbeth, runner-up in the amateur title, were the stars in the last game of the interclub team golf series.

For a long time it looked as though Fidel LaBarba would be the choice, but when he failed to get better than a draw with Newberry Brown in the Hollywood American Legion stadium two weeks ago another candidate appeared in the field.

There are three little fellows who can make the 112 pounds, which boxing commissions recognize as the flyweight poundage, and the weight the boys must make before the title can change hands.

Both Macbeth and Dr. Hunter played champion ship golf, the Wilshire team won 21 to 17, while Dr. Hunter, postponed for several weeks, was played by mutual agreement.

The Wilshire team, fighting for every point that would have meant a tie for the runner-up position in the Interclub League simply shot through the Annandale golfers in an afternoon of golf that would have done credit to any amateur tournament in the country.

The Wilshire course was in ideal condition and Macbeth and Chaffee from the first tee. The real play of the day revolved around the two team leaders and drew quite a gallery.

First team was winning 3 to 2 points, Frank Delet and A. A. French collected 2 points from Ingals and C. P. Erdman. Robert Tatum and Elmer Ralphs won from E. Finkbine and Joe. 2 to 1 to 1-3. W. Whalen, Jr., and T. H. Chapman turned back Wold and C. Ransom by the same score.

Manager Lewis opened George T. Cline and John Shay shot beautiful golf to win 1 to 2 points from C. A. Herbert, Jr., and A. Modeste.

## WORLD'S CHAMP SWIMS AT H.A.C.

Weissmuller, Kahanamoku Meet Tonight

Program Features Champions and Record Holders

Tug of War Novelty Event of Evening Program

Johnny Weissmuller, the "Chicago River tuna," appears tonight in two events at the Hollywood Athletic Club in company with one of the biggest groups of aquatic stars ever to appear in the city. Among them are Sam Kahanamoku, brother of the famous Duke; Bob Skelton and Stubby Kruger. Kruger is a teammate of Weissmuller on the Illinois Athletic Club team. They appear together in a comedy act that is said to be unparalleled in water acts.

Johnny is to swim against Sam Kahanamoku, Lee Jarvis and Ray Kennison in an attempt to lower his present world record of 22 3/4 for the 50-yard dash. Sam Kahanamoku is a recent arrival in California from Hawaii, having come here to compete in the championships at San Francisco last week.

Bob Skelton is another member of the I.A.C. who is to show his breast stroke against Paul Nelson. Skelton is present holder of the world record for that event.

A feature race will take place when Ray Kegeris, national champion for the 100-yard back stroke for the years 1921 and 1922, meets Conrad Mill, 1924 champion in that event. They are evenly matched and may be expected to splash out the keenest competition of the evening.

Leland Tipton, Pacific Coast diving champion, and Cleve Morrison will compete in an exhibition of fancy diving. Little Dorothy Payton will also be seen on the springboard. She appears under the title of the world's champion child diver.

A 50-yard free-style event for girls; a 100-yard relay race between I.A.C. and H.A.C.; and a tug of war between H.A.C. and Hollywood High School complete the program.

## SEALS ONCE MORE IN EASY WIN OVER BEES

(BY A. P. NIGHT WIRE) SAN FRANCISCO, April 29.—Gene Valla hit a home run on the first ball pitched by Murphy of Salt Lake in the first inning of today's game, and the San Francisco team was never headed.

The Seals collected nineteen hits off three Bees pitchers, while Williams held the visitors to seven bingles. Bert Ellison, pilot of the locals, returned to batting form and clouted two homers. Today's victory clinched the hold on first place which the Seals gained yesterday.

## TIGERS' BUNTING DEFEATS LIONS

Occidental Nine Wins from Loyola 9-5

Winners' Fielding Yesterday is Errorless

Wild Throws to First Base Let in Runs

Bunting McIsaac, Loyola moundman, to death in the fourth inning, and grabbing one tally in each inning thereafter, Occidental College took a 9-to-5 win from the Lions on Patterson Field yesterday. The Tigers undoubtedly played the best ball they have ever played this season in yesterday's performance, supplementing their good stick work with a perfect day in the field, not an error being chalked against them.

The Tigers opened festivities early in the contest, Godett coming home with the first tally in the second inning on a sacrifice by Hammerley.

In the fourth, Oxy opened up again. Mishkin cracked out a pretty single, Godett walked, and the two advanced to second base. Bunting then laid down a bunt, which McIsaac threw wild to first, allowing Mishkin to score. Hammerley then laid down another bunt, and another wild pitch to first by Marshall, Lion catcher, allowed Godett to come in.

The Tigers had their opponents rather nettled, and both Conde and Hammerley scored before Loyola could make the necessary three outs. Seeking revenge, the Lions came back strong in the first half of the fifth. Two circuit clouts, one by Lowery, when the bases were empty, and another by Duffy, with the bases loaded, scoring five runs, and trying the tally. At this juncture Coach Wilkie Clark of the Tigers pulled Gregory and stuck in Fulton, who held the Lions like a bunch of tame pets the rest of the afternoon.

The Tigers got a tally for each of the remaining periods, securing the contest.

# A Message from COFFEE DAN

Los Angeles, I'm here to greet you! In the person, as Hollywood says. Some say it with flowers, I say it with Ham and Eggs and Coffee! Yea, brothers and sisters, the kind of ham and eggs and coffee that sent my name around the world.

Epicures give thanks I came to earth for they know I know hams backward. When a hen gets the idea of laying she confides in me. Lays them just right. My new Ham-mery (yes we hammer the tables here, too) is the duplicate of my San Francisco Egg Boudoir. It's in the basement at 719 South Hill. The entrance is in an alley, but it's the gateway to a midnight playground.

Open this morning at 11 o'clock. The closing time is when the milkman starts to work.

*Coffee Dan*

## Bengals Drop Extra Inning Tilt to Ducks

(BY A. P. NIGHT WIRE) PORTLAND (Or.) April 29.—Portland got out of the cellar again and knocked Vernon into it by winning in the twelfth inning today, 4 to 3, after the Bengals scored one in its half on successive singles by Finn, McDowell and Fillette. Manager Lewis opened in the Bengals' half with a double to left which Riconda duplicated, scoring Lewis and again tying the score. Stutz, batting for Rowland, was safe on a fielder's choice play at third of his sacrifice. Benton was purposely walked, filling the bases, and then Young Bill Hunnefeld sneaked an infield single past Finn and the winning run was tallied.

Herman Fillette, pitching for Vernon, hurled wonderful ball for eleven innings. He had terrific speed and fine control, and his fielding was superb. He had nine assists, several on hard chances.

Score:

Vernon..... 4  
Portland..... 3

## TROUT LYING IN WAIT

Lake and Stream Fishing Reported Good in Most All Sections of Southern California

With reports from the many trout streams and lakes all speaking good of the prospects for this year, morning at an hour before sunrise, the river is about the best.

Outdoor authorities at the B. H. Dyas Company have been flooded with information from the various camps as to the state of the lake and in the southern half of California. Information has come down from the high Sierras telling of the wonderful prospects, while from the border come good reports on bass fishing. The season on bass also opens tomorrow.

In one report from the high Sierras, it is learned that fishing is forbidden in Cottonwood Lake and Creek by law until June 30, on account of golden trout inhabiting the lake and stream.

H. L. Womack at Springville on the Kern declares prospects for a good opening were never better. The river is about the right height, but will rise the latter part of May and fishing is advised early if limits are wanted.

Good fly fishing is expected at Lake Lake in the high Sierras. The season, which opens tomorrow, should be the best in about three years.

Although fishing can be carried on the year around at Leigh Garney's Rainbow Angling Club, the chances are that the R.A.C. will be crowded to the limit. Anglers will go out and become discouraged, knowing that a limit awaits them in the Rainbow Creek, they will point the radiator toward Redlands tomorrow.

Among the streams where good reports have been sent to Pete Peterson at the Dyas company are Kern, Santa Ventura, Santa Ynez, Gibraltar dam, Deep Creek, Holcomb Creek, Bear Creek, Santa Barbara, Santa Ynez, San Jacinto River, Rush Creek and Dead Man's Creek.

For lakes there are many. Big Bear and Lake Arrowhead close in; Hodge's Lake, Sweetwater, Otay and San Marcos are open. San Diego county, and the many lakes in the high Sierras, some being still snowbound.

## MORE TROUBLE FOR QUIST

(EXCLUSIVE DISPATCH) CHICAGO, April 29.—Provided the allegations of the numerous promoters of athletic carnivals and meets are true concerning the expense accounts demanded or collected by Hugo Quist, the manager of Paavo Nurmi and Willie Ritola, the income-tax bureau of the government will have a quail of its own after the smoke of the battle has blown over. As has been the case with other athletic stars from Europe, the Finns will have to file a statement before being permitted to sail. If, as Quist insists, the money has been turned over to the national headquarters of the Amateur Athletic Union, and his promoters have been receiving the amount the rules call for—47 a day for each man—then the government will have to look to the New York officials of the A.A.U. for the money.

Alex Maurice is acknowledged by the toughest middleweight on the Coast. The Lyceum management was put to it to the a suitable opponent for him for the ten-round main event next Saturday night, but finally hit upon Phil Sheridan, the "Knockout Kid." Alex is a boring-in, never-let-up slugger and always gives the cash customers a heart beat for their money. The winner has been promised a return match with Sailor Billy Vincent, who holds a decision over each of them.

Bud Davis fights Joe Gonzalez four rounds at 145 pounds and Petro Pablo fought on Kid Ray four rounds at 115 pounds.

## WINTERBURN SIGNED TO COACH SANTA ANA

(EXCLUSIVE DISPATCH) SANTA ANA, April 29.—Charles (Jack) Winterburn, former University of Pittsburgh quarterback under Glenn Warner and 1924 coach at San Mateo, has been chosen football mentor of Santa Ana High school to succeed Ed Covington, resigned. James Pierce, assistant at Glendale High School, has been proffered the post as head coach at the Santa Ana Junior College.

# A CHUCKLE FOR EVERYBODY

## LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$3, \$2, and twelve of \$1 each. A list of theaters showing the film, together with rules for submitting jokes, are given daily in a column in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of

"I hear that you have bought a new home. Has it a mortgage on it?"  
"Yes, but I only bought the equity on it."  
Mrs. H. Brown, 182 Mountain View avenue, Upland.

Visitor at Niagara Falls writes back home: I am sitting by Ni-

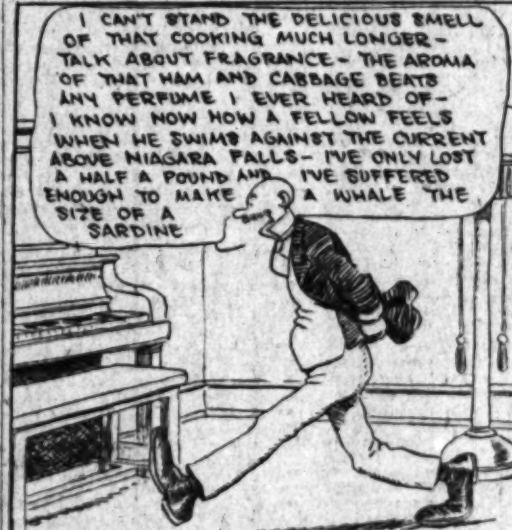

Ears Falls drinking it all in. Mrs. Harry Chambers, 1326 West Ninetieth Place, City.

Daughter: I had a proposal last night.  
Father: Did you accept?  
Daughter: Not yet. I asked for a financial statement.

C. O. Bond, Pacific-Southwest Bank, 431 South Park avenue, City.

Teacher: How stupid you are. Can't multiply twenty by eight. I'll wager that Charles can do it right away.  
Pupil: I shouldn't be surprised. They say that fools multiply very fast these days.  
D. Montalobdi, 593 East California, Pasadena.

## IMPORTANCE OF GRAIN DOUBTED

Economic Service Questions  
Wheat Influence

Santa Fe Income Reflects  
Quarterly Gain

Improvement is Reported in  
Maxwell Motors

Sharp breaks in wheat prices have contributed to a pessimistic view of business that is out of all proportion to the actual effect, according to the Brookline Economic Service of New York.

The immediate business outlook holds no terrors, this service comments, "although this view of production has raised the question whether or not the continuance of the present high price of wheat will cause a resulting sharp recession. It is our opinion that no sharp break in prices is probable, but that there will be a moderate recession during the summer. We are for this reason advising low stocks of raw materials, and a moderate amount of forward buying."

In the last year or so the trend of wheat prices and the condition of the wheat farmer have acquired a psychological influence on business that is considerably greater than is warranted by the actual importance of wheat as a crop or of the wheat farmer as a buyer. Because of this psychological effect the trend of wheat prices over the rest of the year is well worth watching.

Another cause of an unwarranted degree of pessimism, the report states, is the belief that the United States is at a permanent competitive disadvantage with the lower price level countries of Europe. That this is not an immediate consideration, or, in fact, a future consideration of any great importance, is the view of Brookline Service. Certain European countries must continue to be heavy buyers in this market, and the exchanges and the price levels of the important manufacturing countries will be found gradually approaching their prewar relation to those of the United States.

**Santa Fe Shows Gain**

While the railroad operating revenues of the Atchafalaya, Tonkawa and Santa Fe systems for March showed a gain of \$511,158 over the same month last year, there was a falling off in the net income of \$75,695, according to a comparative statement issued yesterday by the local offices of the company.

However, the net income in the first three months of this year amounted to \$1,589,978 over the corresponding period of 1924.

The net railway operating revenue for March, last, was \$1,711,445, and for March, 1924, \$1,726,257. The operating expenses were \$1,456,374 March, last, and \$1,460,182 March, 1924—an increase of \$118,771.

The railway operating income for the first three months of this year amounted to \$1,233,782, and for the corresponding period last year, \$1,194,133, an increase of \$39,649. The railway operating expenses were \$1,456,374 for the first three months of this year and \$1,460,182 for January, February and March last year, a decrease in expenses of \$1,352,758. The net income for the period was \$9,092,122, compared with \$7,112,144 for the three months last year, a gain of \$1,980,978.

**Motor Earnings Shown**

The report of the Maxwell Motor Corporation for the year ended December 31, 1924, issued through Blair & Co., Inc., shows net earnings of \$4,112,540, after interest, depreciation and Federal taxes, compared with \$2,777,851 for 1923. The income account of the year is published as follows:

Total income	\$15,254,058
Interest on bonds	8,777,794
Interest on notes	1,250,000
Interest on mortgages	1,450,000
Loss from subsidiary assets	680,348
Net income	\$4,112,540

The consolidated balance sheet, as of December 31, 1924, shows current assets of \$2,029,398, leaving net current assets of \$16,763,493.

Printed copies of the report, as well as copies of the plan and agreement of the proposed reorganization under the name of the Chrysler Company, may be had at the local office of Blair & Co., Inc.

**Produce Bonds Ready**

S. W. Straus & Co., with offices in Pacific Coast cities, are in receipt of permanent bonds of the Chicago Produce District \$5,000,000 issue, which are now ready for delivery in exchange for interim receipts. This bond issue was brought out in January and a large number of these bonds were sold in Coast cities to clients of S. W. Straus & Co.

**Adopt New Policy**

The William R. Staats Company has announced the adoption of a group life insurance policy under which the fifty-nine employees of that concern will receive protection of \$2000 each with the company paying all premiums. The total insurance involved is \$119,000.

**Dividend Declared**

At a regular meeting of the directors of the Standard Oil Company of California, the board declared a regular quarterly dividend No. 66 of 50 cents a share, payable on June 15, next, to stockholders of record as shown by the transfer books of the corporation in San Francisco and New York at the close of business on May 18.

**EDITH McCORMICK OVERSUBSCRIBED**

According to a statement issued by Edith, Witter & Co., recently, the offering of \$1,500,000 Edith McCormick trust first closed mortgage \$6 per cent serial gold notes were heavily oversubscribed during the first few hours of offering.

This issue represents a type of financing which is becoming increasingly popular in eastern centers. The Edith McCormick McCormick trust was organized in 1923 by Mrs. Edith McCormick of Chicago to conserve and operate some of her real estate holdings and to deal in real estate in Chicago and vicinity. The trust has net tangible assets of \$8,961,000, as of January 2, 1925. These notes are specifically secured by a first (closed) mortgage on certain parcels of Chicago real estate, which have been sold under contract, the payments on contracts providing for interest and maturity requirements on this issue.

The issue is dated May 1, 1924, and is due serially 1926 to 1929. Prices range from 5.25 per cent to 6.05 per cent for the various maturities.

## BANKERS PROPOSE CHANGES

National Association Will Consider Amortization of Loans; Branch Question in Background

BY EARLE E. CROWE

From the preliminary reports of the comprehensive program recently outlined at the executive council meeting, the delegates to the annual convention of the American Bankers' Association will have little time for entertainment when they gather in Atlanta, Ga., late in September. Several questions of vital import to bankers are scheduled for discussion and some of the sessions are expected to develop rather heated debates.

The program for the annual convention of the executive council lately concluded in Augusta, Ga. Several Los Angeles members of the council attended the meeting and returned last week prepared to unite the bankers of this city behind the platform outlined by the association.

In most installment payment plans, the borrower is really paying a heavy premium for the privilege of making regular payments on the principal.

As a means of facilitating payments, it is also suggested that the dates might well coincide with the quarterly interest and dividend periods chosen by corporations.

Another principle scheduled for consideration, and which strangely enough has not been adopted heretofore by the association, is the arbitration of all disputes between banks. It was intimated that a immediate resort to courts of law over minor misunderstandings is costing the banks money and is productive of considerable ill feeling. A law suit over a small check recently cost an Eastern bank something like \$120 to win its case. To avoid these troubles it is proposed that the American Bankers' Association choose a court of arbitration to adjust all such matters.

**DISCUSSION POSTPONED**

Somewhat to the surprise of the Los Angeles representatives, the vexatious question of branch banking was not seriously considered by the executive council. An attempt was made to compel the council to take a definite stand, but the proposal met with little support. Most of the members were of the opinion that the question ought to be left entirely to the annual convention, since at last year's gathering, the delegates voted against branch banking. It was intimated that a well defined movement exists to enroll the association behind some measure similar to the McFarland bill, which failed of success in the last session of Congress.

What the annual convention will develop in this connection is problematical, but there is little doubt that fulminations will echo from the yearly meeting next month of the California Bankers' Association. It is understood that an effort will be made to bring the wrangle over branch bank applications before the convention, and the officers of the association are just as determined to block discussions of such a delicate topic. At any rate, the California delegates to the national convention will have something to say if branch banking is introduced in any form at Atlanta.

On the constructive side, the program calls for discussion of the principle of amortization of loans. Since the success of the Federal land banks in amortizing loans, the bankers have studied the plan carefully and many of them are advocating the recognition of amortization by the association. The proposed payments of loans benefit both the borrower and the bank, and contribute measurably to sounder banking.

**INTEREST ADJUSTED**

In many States the present practice to penalize the borrower through interest premiums on loans on loans are made before maturity. But under the plan suggested by the executive council, the simple interest will be charged with perhaps a trifle extra to compensate for the additional work involved. As it operates now, as of December 31, 1924, shows current assets of \$23,029,398, leaving net current assets of \$16,763,493.

Printed copies of the plan and agreement of the proposed reorganization under the name of the Chrysler Company, may be had at the local office of Blair & Co., Inc.

**EARNINGS OF BETHLEHEM STEEL GAIN**

Value of Orders on Hand March 31, Last, Amounted to \$65,921,289

Earnings of the Bethlehem Steel Corporation for the first quarter of this year, after all charges, and preferred dividends, amounted to \$1.66 a share on the common stock, or at an annual rate of \$5.64, which is an increase of about 54 per cent over the previous quarter.

The total net earnings for the first quarter of this year amounted to \$10,393,316, as compared with \$9,550,716 for the quarter ending December 31 last. The net income for the last quarter was \$9,071,516, while for the quarter ending December 31, 1924, it was \$10,393,316.

Operations throughout the quarter averaged 77.3 per cent of capacity, as compared with 70 per cent the previous quarter. Current operations are at the rate of 70 per cent of capacity.

The value of orders on hand March 31 last, amounted to \$65,921,289, compared with \$77,048,619 as of December 31, 1924, and \$49,848,308, March 31, 1924.

**WEEK'S OIL OUTPUT TOTALS 597,000 BARRELS**

BY A. F. NIGHT WIRE

SAN FRANCISCO, April 29.—Daily average production of crude oil in California for the week ending the 29th last, was estimated at a total of 597,000 barrels by the Pacific Coast office of the American Petroleum Institute.

The number of barrels of oil from the various fields placed in the market last week were: Santa Fe, 100,000; Huntington, 100,000; Los Angeles, 100,000; Redondo, 100,000; Rosemead, 100,000; all others, 297,000.

## PRICES OF MOTOR CARS SHOW DROP

Cost Today is 29 Per Cent Less Than in 1913; Levels of Other Goods Up

BY A. F. NIGHT WIRE

NEW YORK, April 29.—Automobiles in average cost 29 per cent less today than in 1913, while the average cost of living has increased 57 per cent during the same period, figures compiled by the National Automobile Chamber of Commerce reveal.

The average retail price of a motor car is now set at \$825. The analysis of car prices is part of the annual statistics of the automobile industry made by the chamber. The year 1924 is covered in the statistics.

The automobile industry now ranks first among the manufacturing of the United States. The \$38,550 automobiles sold abroad established a record of 17 1/2 per cent larger than the figures for 1923.

The Federal taxes paid on motor vehicles from 1917 to 1925 were \$79,355,359, or more than twice as much as was expended in Federal money toward highways. Motor vehicles paid \$481,400,000 in special taxes during 1924. The total freight receipts of railroads on motor transportation products was \$403,362,000.

About 65 per cent of automobiles in the United States are owned in communities having less than 25,000 population, while 45 per cent of the cars are owned in communities having less than 5000 population.

**Commonwealth Makes Unique Record in 1924**

The production of more electricity for Chicago's use alone in 1924 than was provided in any State in the Union, save New York, Pennsylvania, California and Ohio, is the unique record made by the Commonwealth Edison Company of Chicago, Ill., according to the annual statement issued recently. The production represented 4.7 per cent of the nation's total supply.

The total business done by the Commonwealth Edison Company during 1924 amounted to \$23,472,441, as compared to \$18,633,311 for the previous year. The total assets of the company on December 31, last, amounted to \$230,529,227. The power production of this company is larger than that of any company in the world using coal as the source of its energy.

The stockholders have voted to increase the capitalization from \$100,000,000 to \$125,000,000, and the company will offer the stockholders a "2 1/2 per cent increase on their existing holdings."

**Oklahoma Gas Gross Earnings Show Increase**

The gross and net earnings of the Oklahoma Gas and Electric Company for the last ten years have shown a constant increase, according to E. H. Rollins & Sons, who are now offering an issue of this stock for sale.

In 1914 the gross earnings of the company amounted to \$2,197,549, while the gross earnings last year were \$7,563,453, and largest in the history of the company. In 1914 the company had 26,814 electric customers, while last year there were 64,573 users of their electricity.

The Oklahoma Gas and Electric Company is the largest gas and electric utility in the State, and serves over 100,000 customers, in eighty-eight communities, the State's richest and most populous section.

These properties are owned and operated by the Standard Gas and Electric Company, which controls 619 of a number of utilities throughout the United States.

**BAD CHECKS**

The following bulletin on bad check writing was issued yesterday by the forgery detail of the Los Angeles police department, detective bureau:

Merchants are advised to be on the lookout for a negro representing himself to be a postal employee and carrying postal badge No. 1312 for identification, as this man has been meeting with considerable success in persuading persons to cash worthless checks issued by him. These checks are drawn on the California Bank, Eighth and Central avenue, numbered 006, 007, etc., and are signed with fictitious names.

Following is a description of the man: A fairly light skinned negro, about 25 years of age, 5 ft. 6 in. tall, weight about 150 pounds. Wears brown checkered suit, light tan hat and tan shoes. Has pleasing personality. Closes eyes frequently when talking.

## Sound 6% Investment Listed on New York Stock Exchange DODGE BROTHERS (Motor Cars) 6% Debentures

**DODGE BROTHERS' EARNINGS LARGE**

(Exclusive Detroit)

DETROIT, April 27.—The earnings of Dodge Brothers, Inc., for the first six months of 1925 before taxes are paid, are estimated at \$14,000,000, not including approximately \$600,000 profit from the sale of real estate, according to an announcement made today by Frederick J. Haynes, president.

The bankers for the Dodge Brothers, in commenting on the statement of earnings as given out at the company offices in Detroit yesterday, pointed out that the results of \$14,000,000 for the first six months were at the annual rate of \$24 a share on the preferred stock and \$7 a share on the common, after deduction for interest and Federal taxes.

**A Short-Term Utility Yielding 6 1/2%**

EVERY investor should include among his holdings a high-grade short-term security which is not subject to the price fluctuations of long-term issues and is readily marketable in case of sudden need or emergency.

We have on our current list a public utility issue which fully meets this requirement. The Company, through its subsidiaries, furnishes electricity and other utility service to 143 prosperous communities with an estimated population of 230,000 in five States in the Middle West. Net earnings available for interest on this issue are over EIGHT TIMES the requirements.

These 6 1/2% Gold Notes mature October 1, 1926, and are priced at 100 and accrued interest to yield 6 1/2%. Full descriptive information will be furnished on request without obligation. Just send us your name and address below or phone VAndike 2201.

THE FRANK MELINE CO

810 South Flower Street,  
Los Angeles, California.

Notice is hereby given that quarterly dividend No. 17, of \$1.50 per share, on the shares of Preferred Capital Stock of Los Angeles Gas and Electric Corporation issued and of record as of April 30, 1925, has been authorized by the Board of Directors and will be due and payable May 15, 1925. Checks will be mailed to the stockholders of record at their last known addresses.

T. P. McCREA, Secretary.  
April 30, 1925.

1923 earnings were in excess of 3 3/4 times, and 1924 earnings in excess of 3 1/2 times annual dividend requirements on all Preferred Stock to be outstanding this year, while, in addition, January 1, 1924, balance sheet shows present financing places \$260.00 in net tangible assets back of every \$100.00 invested in the 8% Cumulative Preferred Stock of UNITED MOTORS CO. OF CALIFORNIA. A SAFE INVESTMENT worthy of any investor's careful attention.

posit with the bank of imported gold which would not have been deposited in the restriction period. On the stock exchange, where the day's total transactions nearly to 1,000,000 shares, as against the two preceding 800,000—three days, the trend of prices to the southward was advanced, but however, was irregular and ill-distributed, apparently being mostly local and speculative advances, whereas by recent professional speculators for the decline. This was the case with the market in general, in which the market was in speculative stocks, whose recent decline had been particularly violent. News of home finance and industry cut little figure in the market; perhaps the most interesting development was the recent decline in the price of raw materials, as indicated by reviews that output and new orders at the mills are now fairly well recovered, and the means that production has at length been adjusted to a well-maintained rate of actual consumption. The weekly output of the steel and iron works of the railways showed a traffic largely in excess of 1924, as has been the case with the output of the mills. It was pretty well below 1923, but the problem of interest in the April figures is the fact that it will reverse the unexpectedly

## COLOR, DANCING CONFERENCE IN MARK MAY DAY CLEANERS' WAR

Occidental Students Conduct  
Season's Ceremonies

Miss Harriet Gunn Crowned  
as Festival Queen

New Officers Are Installed by  
Women's Association

(Illustration on Picture Page)  
Colorful country and Morris dances, climaxed by the crowning of the Queen of May, featured the annual celebration of May Day yesterday afternoon on the campus of Occidental College by the Associated Women Students of the institution. The ceremonies were featured by the placing of a crown of May blossoms on the head of Miss Harriet Gunn of Haines, China, a member of the senior class at Occidental, who was recently voted by the student body "the most beautiful and representative woman on the campus."

The celebration was attended by several hundred students and women guests from the various high schools about Los Angeles, was conducted on the lawn in front of the house of Remsen du Bois, president of Occidental. May Day also marked the occasion for student officialdom to transfer to new officers of the Associated Women Students' organization.

Miss Helen Ingelund of Glendale, current president of this organization, presided at the ceremonies yesterday and welcomed Miss Laura, Wheat of San Fernando as new head of the women's group. Other students officially inducted into office, effective next September, were Miss Clara Atkinson, Pasadena, as vice-president, Miss Edna Elizabeth Lamb, Pasadena, as secretary, Miss Evelyn Forbes, 1641 Alumni avenue, as treasurer, Miss Ruby McDonald of Seattle, Wash., as debating representative, and Miss Esther Ridout of Whittier, as athletic representative.

Miss Gunn who was seated in a bower of flowers and greenery as a throne was attended by Miss Ella Anderson, 1129 West Kenmore, Pasadena; Miss Jennie Erwin of El Monte; Miss Grace Germain, 1129 West Kenmore, Pasadena; Miss Louise Stone, 1129 West Kenmore, Pasadena; Miss Chapman, all of Pasadena.

Two small girls, 8 and 7 years of age, respectively, Miss Jean Bird, daughter of Prof. Frederick L. Bird of the department of political science, and Mary Louise Kinney, acted as train-bearers when Miss Gunn walked up to the greeting committee.

The dances, of an old English type, were especially arranged by Miss Caroline E. Hodgdon, associate professor of hygiene and physical education.

## RECEIVERSHIP PAYS OIL OWNERS PROFIT

Presiding Judge Valentine of the Superior Court yesterday arranged for a pleasant surprise for the unit holders of Kach Oil Syndicate No. 3 this morning.

He did it by signing his name to an order commanding the receiver of the syndicate to distribute some \$46,000 in dividends. So that the remittances might reach the unit holders today, Willard L. Goodwin, receiver, spent all yesterday afternoon putting his signature on checks.

"One of the few instances in my experience of a receivership showing a handsome profit for the owners," Judge Valentine commented. And then just to make it a pleasant day for the receiver, also, he signed another order awarding him \$3999 on account for fees.

## ANNUAL PRESS CLUB JINX PARTICIPANTS

Publicity Hunters Gather at Merry Luncheon

Some of Prize Winners and One of Prizes  
Left to right, Mrs. E. M. Latham, State chairman of publicity for the Federation; Mrs. Ethelbert R. Maule of Santa Monica, district chairman of press under whose direction and inspiration the jinx was conducted; Mrs. Raymond Doyle of Hollywood, who won first prize in a class by herself for the best press work; Mrs. Patrick Campbell, who won first prize for the Los Angeles Evening in another class; Mrs. Charles H. Toll, who won the "shock absorber," which she is holding; for writing, impromptu in five minutes, the wittiest and most shocking story of fifty words; Mrs. J. B. Lerner, who won second prize in the district; and Mrs. Leland Atherton Irish, president of the Coomes Club, which was also a prize winner.

## POLITICS THE WATCHMAN

Trend of Political Thought and Action

BY THE EDITOR ON HIS DEAT  
Misapprehension as to eligibility of citizens to cast a ballot next Tuesday is, according to Councilman Miles Gregory, one of the major candidates, prevalent in the minds of many voters. Only those persons who had changed their place of residence on or before January 1, 1925, were eligible to vote. There are doubtless a large number of citizens who are legally entitled to a vote who might not cast it through a misunderstanding of the registration laws.

A. L. Colby, candidate in the Twelfth Councilmanic District, was a candidate for the Council two years ago and received 9,000 votes. He has lived in Los Angeles twenty-two years, has been a successful merchant and real estate operator, and owns large property interests. He was active in securing the city's first pedestrian tunnel under Sunset Boulevard near the Micheltorena school in this Councilmanic district, and the success of this tunnel has resulted in a general demand for them throughout the city. He is 51 years of age, and lives at 1417 Edgewell Drive, in the district.

Thomas L. Dodge, who is giving Councilman Sanborn a close race in the Ninth Councilmanic District (Hollenbeck Heights) will be tendered a reception this evening at the Twelfth Councilmanic District, at the County High School auditorium. P. A. Cassidy, chairman of the Dodge-for-Council campaign committee, will preside. There will be a vaudeville entertainment preceding the speaking.

Mark A. Pierce, leading candidate in the Tenth Councilmanic District, has received endorsements of his candidacy from former Judge Thomas P. White, Attorney Frank Dominguez and Superior Court Judge Sumnerfield.

Declaring that if elected to the City Council he will battle any "grafting cliques" found at the City Hall, Attorney Lin William Price has issued to the voters of the Twelfth Councilmanic District a vigorous pamphlet entitled "Graft."

The 133 candidates at the primaries next Tuesday are in a race for economy and efficiency, and Walter Mallard, who is retiring from public life at the end of his term, is one of the candidates.

## "RED" HECKLER CONVICTED

Man on Trial as Outcome of Riot at Meeting Fined \$50 by Justice Bullock; Seven Cases Today

The trial of the eight hecklers, said to be members of the Third Internationale of the Communist party and who were arrested during a riot at a Socialist meeting at Labor Temple several weeks ago, developed into a personal quarrel between Communists and Socialists in Police Judge Bullock's court yesterday. One of the rioters was found guilty of interfering with a public meeting and the case against the other seven "Reds" was continued until 10 a. m. today.

## Orator Credits His Success to Loyola College

Three hundred guests at the Los Angeles Athletic Club dinner last evening, heard Eugene McElmeel, Southern California champion in the National Oratorical Contest, give credit to Loyola College for the development of his oratorical abilities.

Loyola College's attendance has reached the limit of its class-room facilities which necessitates the turning away of many applicants. To obviate this situation friends of the college are seeking \$150,000 for the construction of a new unit.

The voluntarily organized Loyola College Building Fund Association, with Isadore B. Dockweiler as president, is presenting the facts to those interested in California educational expansion. It is believed the next building can be made ready for use by September.

Rev. Henry Welch, B. S. J., president of Loyola, presided at the dinner last evening and many speakers urged prompt relief for the school. Tomorrow night and Saturday Loyola students will aid the building fund by presenting "The Private Secretary" at Trinity Auditorium.

## WRECK CAUSE STILL MYSTERY

(Continued from First Page)

Kins R. Clark, Sid Lippman and Francis McDonald, all of Los Angeles.

The latter two were members of a Warner Brothers' motion picture party which also included Marie Prevost, Louise Fazenda, Kenneth Harlan, Walter Long, Francis Day McDonald, all actors and actresses, Gordon Hollingshead, assistant director, and Robert Webb. They escaped with a severe shaking up as the car in which they were riding did not leave the tracks.

The majority of the passengers injured, it was stated, were seated in the smoking car when the train whirled about the sharp turn as it gained speed for the heavy grade at this point. The smoking car was built partly of steel and partly of wood and crashed into splinters. The other cars of the train, it was stated, were of all steel construction and it was this fact, according to railroad officials, which kept the casualty list down.

## SPEED IS BLAMED

Warboys, the engineer, who was the only one killed in the wreck, was to have been retired on a pension next month, it was learned from other railroad men. He had been in the service of the Santa Fe since 1894 and was rated as one of the crack engineers on the road.

The wreckage was being cleared away yesterday and service on the line resumed at San Diego and this city restored.

A grade at the scene of the wreck, it is pointed out, is one of the heaviest on the Coast and in the run south the trains are said by railroad men to be forced to develop maximum speed in order to negotiate it. At the foot of the grade, however, is the sharp turn and it is believed that the train piloted by the now dead engineer raced around this curve with such speed that the engine and the following coaches jumped the track.

## AUTO REARS TRAIN TO SCENE OF WRECK

An automobile that had the ability to simulate a steamboat when necessary, plus a nifty driver, last night enabled The Times and the Pacific and Atlantic Photo to secure pictures of the train wreck at Sorrento, 125 miles away, showing details of the accident before the wreckage was disturbed by wrecking crews.

When the first flash telling of the disaster was received, Cleveland, local Dusenberry agent, was routed from a sound sleep in a comfortable bed and asked if he would try to get photographs to the scene before the wrecking crews got on the job. His reply was a dash. The Times office, doing most of his dressing en route, there he picked up C. E. Halderman, assistant Pacific Coast manager of P. & A., and William Snyder of The Times staff, and began the long grind to Sorrento.

The result of the nifty dash is seen in the accompanying pictures, taken by flashlight, which show the wreck just as it stood, and before being disturbed by the wrecking crew.

## MASONS CHEER JUDGE BLEDSOE

(Continued from First Page)

my constructive program will be the complete abolition and elimination of politics, politicians and political methods from the City Hall and from every department of the city government.

"Phenomenal is the only word that in any measure characterizes the swing of public sentiment in favor of the Mayorality candidacy of Benjamin F. Bledsoe," stated Campaign Manager George R. Bush yesterday, when asked his opinion of the present race.

"Judge Bledsoe's manifest sincerity of purpose, combined with his magnetic personality, has won thousands of friends since he started his speaking campaign," continued Mr. Bush, "and the only point on which there can be any doubt at the present time is as to the amount of his majority at the primary election May 3. There is absolutely no question but that he will head the polls at the primary, and if the campaign had another week to run, predictions of election of Judge Bledsoe would be distinctly in order."

In no district of the city, according to Mr. Bush, has the strength of Judge Bledsoe's candidacy been revealed with more emphasis than in Hollywood. Rich and poor are working for the ex-judge and an overwhelming victory for good government is certain in the Second Councilmanic District. In fact, said the campaign manager, it is hard to pick out any electoral district in which Judge Bledsoe will not head the polls. Manifestations of strength are daily noted at campaign headquarters from unexpected sources in all districts of the city, and it is, as before stated, not a question of leading the polls, but of numerical superiority.

MAKING FOR BLEDSOE  
Alexander MacKegan, endorsing the Bledsoe candidacy yesterday, said:

"After practically every Mayorality campaign, you will hear the sage voice say, 'Why can't we get some really big man to run for Mayor?' After thirty-odd years experience in Los Angeles, I had about come to the conclusion that time would never come. Los Angeles has now a real opportunity to elect a man who measures up to the job. That man is Judge Bledsoe."

"I am firmly convinced that in all matters where selfish and self-seeking interest clash with those of the city's best interests, Judge Bledsoe will be found champion of the city's welfare."

Make no mistake about this: Judge Bledsoe is not a man to be tied to the leading-strings of any interest or clique.

"I feel that Crier, as Mayor of this city, has not even commenced to measure up to the job. I have had several experiences with him, and speak of my own knowledge. I will say, though, there is nothing vicious or crooked about him, but honesty is not a sufficient qualification for the job of Mayor."

## TRAFFIC MEN TO MEET

Fifty younger officials of railroad, steamship and industrial companies will assemble at a banquet tonight in the Ship Cafe on the Venice pier, which is expected to result in the formation of a Southern California Association of Traffic Managers. Frank J. Chase of the Pacific Mail Steamship Company, is president, and T. A. L. Lorets of the Llewellyn Iron Works, chairman of the entertainment committee of the temporary organization of officials.

Let Tanlac restore your health

If your body is all fagged-out and run-down, if you are losing weight steadily, lack appetite, have no strength of energy—why not let Tanlac help you back to health and strength?

So many millions have been benefited by the Tanlac treatment, so many thousands have written to testify to that effect that it's sheer folly not to make the test.

Tanlac, you know, is a great natural tonic and builder, a compound, after the famous Tanlac formula, of roots, barks and herbs. It purges the blood stream, revitalizes the digestive organs and enables the sickly body to regain its vanished weight.

You don't need to wait long to get results. Tanlac goes right to the seat of trouble. In a day or so you note a vast difference in your condition. You have more appetite, sleep better at night and the color begins to creep back into your washed-out cheeks.

Don't put off taking Tanlac another precious day. Step into the nearest drug store and get a bottle of this world-famous Tanlac. That's the first important step back to health and vigor.

TAKE TANLAC VEGETABLE PILLS FOR CONSTIPATION

(Third Floor—Coulter's)

TERS TO  
e Times

One of the most successful parties was Dallas. People don't respect your rights unless you fight for them.

PEN POINTS

Exercise alone will give that healthy pink. Look at tongue.

Simple frock. Three yards of cloth with four holes in it, \$19.75.

Most of our educators are women. That's no news to married men.

There wasn't room in one country for State rights and Federal aid.

Spring is the best time to trim trees and persons who have the suburban fever.

The interpretive dance always seems to be interpreting a dream of variety.

Times change little. "Let the buyer beware" was a slogan long before prohibition.

The churches didn't begin to grow weaker until the sermons began to grow weaker.

At least Peru got a decision. Suppose she had asked the Senate to arbitrate the case.

The death rattle was known to the ancients, but it was a threat instead of a silver.

Women have it easier. It takes pulling to dress a man, but cravie does it for a woman.

Another good thing to remember is that an ancestor was believed in real estate.

A democracy is a land where a man learns to wear a dinner coat before he learns not to wear a toothpick.

Being neutral doesn't make you any friends, but it saves you and tears on your ears.

Conditions aren't so bad. The majority of people never live about a place until it's medium.

Selling the North Pole as a base will appeal to doughboys. It doesn't rain all the time up there.

An old-timer is one who can remember when the female was considered every grain of menace.

Correct this sentence: "I'm a for lunch any time," said the never go to any extra trouble to company."

The people who make trouble for themselves have a little of it for themselves.

Not infrequently these days it is the boy who wanders where the wandering mother is tonight.

It requires a certain amount of tact for a man to stand on his dignity without putting his foot in the about something else.

The great advantage the person who is known as a "good housewife" has is that he can really be talking about something else.

A man's love is not dead until he begins to think of his wife as a person who disturbs his morning beauty sleep and his dinner reveries.

OH, TO BE DONE WITH DREAMING

By The Foolish Philosopher

Yesterday I heard a man say about "the seven wonders of the ancient world and the seven wonders of modern life."

Are there not 7,000,000,000 wonders in God's universe? Miracles are by the million and the greatest wonder is man's inability to understand them. Light we see in abundance, but, oh, for the vision!

Oh, to be done with dreaming! To see myself not as I so long seemed to myself and others, but as I am in all my fullness! Oh, to find that freedom which is beyond the power of this infinitesimal part of myself to express or comprehend, and to have full faith and trust that which I do not see nor understand! Oh, to realize myself for the relative but to live above it, to realize myself for the absolute, to transcend the space and dwell in the spiritual, to love my neighbor as myself because of the realization that he is not separate from, but in tension, an expansion of myself. Oh, to know that man alone is free and that facts of consciousness are changeable at will! Oh, to be able to cease to sleep and to be at rest in the sleep of life and power. Oh, to cease to struggle, to become as a child, to allow myself to know all that I am on is ready to teach! Oh, to be done with dreaming!

Mystery! Intrigue!

Story of Heroism Told

Coroner's Jury

Victim Falls Under Heavy

Iron Roller

Child Thrown from Danger

Slightly Injured

SANTA ANA, April 29.—(Heroin)

of Albert Adams, 25 years of age,

in attempting to throw his 2-year

old daughter, Mildred Marie, away

from a large roller that crashed

onto the life of the victim, was

twelve miles from here, was

to a coroner's jury here today.

J. M. Mendola, only witness of the

tragedy.

Mendola, who lives at Delhi, and

who had an appointment with

Adams, who was driving a span of

horses, was picked up by the

police, who were on the scene

when the roller hit a dip in the

road. Adams lost his balance and

tumbled forward. As he did so,

Mendola declared he saw him

attempt to throw the girl from

the roller.

Adams' head was crushed and

he died immediately. The girl

was thrown over a portion of

the roller, and was picked up by

the police, who were on the scene

when the roller hit a dip in the

road. Adams lost his balance and

tumbled forward. As he did so,

Mendola declared he saw him

attempt to throw the girl from

the roller.

## FLASHES

SEMON'S BIG ONES

COMEDIAN CONSIDERING

MANY IMPORTANT OFFERS

By Grace Kingley

Larry Semon isn't going to con-

fine his art to two-reelers any

more. Having made a howling

success of "The Wizard of Oz," he

feels heartened up to step perma-

nently into the feature-length

comedy, along with Harold Lloyd,

Buster Keaton and other com-

edians.

In short, Larry is all headed to

make six reels of comedy grow

where only two grew before. He

is working on the last of his two-

reelers under his current Educa-

tional contract, out at the F.B.O.

studios.

The comedian is receiving all

sorts of substantial encouragement

in his decision to quit the short-

reel subject for good. Many of-

fers are being made him by va-

rious companies. One of these, it

is understood, is from Paramount,

but the comedian is not yet de-

cided. He has several other im-

portant offers as well. The com-

edian is not yet de-

cided. He has several other im-

portant offers as well. The com-

edian is not yet de-

cided. He has several other im-

## Theatrically Speaking

BY HERBERT MOULTON

The musical comedies, domestic farces, Cinderella frothings and

girlie-girlie revues come and go, but dramas of the more serious type

stay with us always. They may not, as do some of the gayer, gaudier

offerings, take the theatrical limelight, but their presence is felt never-

theless.

"Beggars on Horseback," the

very modern fantasia at the Ma-

jestic, falls into the category of

the realistic-symbolic, in spite of

which it is not, as its classifica-

tion might lead one to believe,

tinged with morbidity or somber-

ness. It is comedy, but it's classic

at comedy.

From Andrew to Extravaganza

It might be interesting to trace

the course of the realistic-symbolic

type of drama from a play like

"The Life of Man," by Andrew

Lloyd, to the present-day drama-

tistic offerings at the Majestic.

In "Beggars on Horseback," the

stage is used for its symbolic ma-

terials current abstractions, fa-

cades, and under that banner, an-

drey, the older, Russian drama-

tic, uses more somber methods.

He, too, is struck by man's futile

struggle, and his frustration, and

paints them with pity rather than

sarcasm.

Ambitious Attempt for Potheaters

The "Life of Man" is not what

could, by any stretch of the im-

agination, be called a "pretty" play.

There are moments when a

nervous audience may giggle

at the simple realism. But this

play represents one of the

finest specimens of creative char-

acter combined with symbol-

ism. Every role is a definite

and individualized character, not a

mere type.

With forty-three players in the

cast, it looks as if Director Ole M.

Ness has had his hands full. Han-

son, who played the father in the

production of "Six

Characters in Search of an

Author," will play the lead-

ing role in "The Life of Man."

The play is an ambitious

project, and it is a pity that

theater, a play of this kind

is not more common.

Loyola Players Tomorrow

The venerable English comedy,

"The Private Secretary," will be

staged by the Loyola College

players tomorrow afternoon and

Saturday evening at the Trinity Au-

ditorium. The play, which is the

former presentation of the

college thespians, which included

## FITZMAURICE

IS BACK FROM

TRIP ABROAD

Producer Eager to Start

Production of 'Dark Angel'

for Samuel Goldwyn

George Fitzmaurice, motion-pic-

ture director and producer in as-

sociation with Samuel Goldwyn,

arrived home Tuesday from

Paris, radiantly happy after a

month's holiday, he declared

himself eager to launch into

immediate production of his

new stage play, "The Dark

Angel," recently

produced by Goldwyn.

While in Paris, he continued, "it

afforded much opportunity to

quietly lay plans for the produc-

tion of "The Dark Angel," which

we expect to be our most ambi-

tious undertaking to date. The im-

mense popularity of the stage play,

which attracted together with

the notable cast we have in mind,

headed by Ronald Colman, and

Vivian Leigh, has been a great

encouragement to the making of

this picture. When questioned re-

garding the making of the picture,

the director-producer hastened to

dismiss any possible fear of Euro-

pean invasion.

When questioned regarding the

present cinema production in France,

the director-producer hastened to

dismiss any possible fear of Euro-

pean invasion.

### GIBBETS AWAIT THREE SLAYERS

Perry, Bailey and Montijo  
Resentenced to Noose

Convicted of Killing Officer  
in Bank Robbery Effort

Two Mothers Sob as Judge  
Pronounces Boys' Fate

Tramp, tramp, tramp. Foot-  
steps echoed hollowly as three  
young men filed into the court-  
room of Judge Keetch. They  
stopped before the bar of justice.  
Silently, the hands of the clock  
crept in methodical fashion to the  
hour of 9:30. Outside, a sky cano-  
pied in drab prolonged the after-  
math of a gray dawn and left in  
emphasis the white walls of the  
Hall of Records opposite.

The hush that hung over the  
crowded room was disturbed only  
by the moaning of the plaintive  
call of a pigeon perched on the  
cupola of the old building.

Judge Keetch, looking across a  
vase of roses, breathing a  
breath of spring, into the faces of  
the three men who stood before  
him.

There was no remorse in those  
faces a few minutes later as the  
mandate of the law seemed to  
boom across the bench:

—Hanged by the neck, until  
you are dead, and may God have  
mercy on your soul.

Outside the swinging doors of  
the room, two women sobbed. They  
were the mothers, who, twenty  
years ago, bore two of the youths  
who stood on the other side of  
the swinging doors. The third  
man had come alone to greet fate.

The three were Lewis Perry,  
Tom Bailey and Ed Montijo, con-  
demned murderers of Patrolman  
Glen E. Bond, who was killed dur-  
ing an attempted robbery Febru-  
ary 20, 1924, of the Merchants Na-  
tional Bank Agency at Sixth and  
Hoover streets.

They had taken the life of a fol-  
low-man and society was claiming  
its due. They had been tried and  
found guilty, and their guilt had  
been affirmed by the State's high-  
est tribunal.

After the resentence was im-  
posed, they were led back to the  
County Jail to begin living the first  
day of the final ten weeks of life  
allotted them.

Perry and Bailey will be hanged  
on twin gibbets at San Quentin  
July 19, and their comrade in  
crime, Montijo, will meet death at  
Folsom on the same day.

### PASADENA FARE BOOST REQUESTED

Pacific Electric Company  
Asks Permit to Add Two  
Cents to Zone Charges

Showing a deficit of \$162,000  
during 1924, the Pacific Electric  
Railway Company yesterday ap-  
plied to the State Railroad Com-  
mission for authority to raise its  
street railway and bus line fares  
in Pasadena and adjacent territory.

The company asked to increase  
fares in the 6-cent zone to 8 cents  
and those in the 10-cent zone to  
12 cents. It requested permission  
to boost the price of the school  
children's forty-ride commutation  
books from \$1.25 to \$1.40.

The new fare schedule, if grant-  
ed by the commission, will raise  
a revenue of \$169,127, enough to  
wipe out the Pasadena deficit, ac-  
cording to D. W. Pontius, vice-  
president of the company, who  
signed the application.

The Pacific Electric in Southern  
California faces an approximate  
deficit of more than \$160,000 dur-  
ing 1925, the application stated.

### Police Baffled in Unternahrer Slaying Inquiry

Police reached a stone wall yester-  
day in their investigation of the  
murder of Mrs. Louise Unternahrer,  
wealthy modiste, near Cul-  
ver City last week.

Asst. Capt. Bean and Detective Lieutenants  
Slevens declared they had run  
down every clew they knew and  
looked up every associate of the  
woman and had investigated every  
business or personal transaction of  
which they could learn, without  
discovering the slayer.

Capt. Bean gave it as his opin-  
ion that neither robbery nor ven-  
geance was the motive. He said he  
believed Mrs. Unternahrer had been  
slain while residing in an attack-  
er's home.

Regarding a former admirer of the  
modiste's, living in San Francisco,  
the detective said they had no in-  
formation that would tend to in-  
volve him in any way.

### REFORESTATION PLEA MADE

Barnes Declares Southland is Now Seventeen Years  
Overdrawn on Subterranean Water Supply

"Reforestation of denuded American forests is a big job and a long  
job, requiring the co-operation of the Federal and various State gov-  
ernments, but crystallization of public opinion concerning the vital  
need of a reforestation program must be accomplished first," declared  
George H. Barnes, president of the American Reforestation Association,  
in an address given yesterday before the City Club.

"We, the people of the United  
States, are the government, and  
Washington is merely a reflection  
and representation of the thoughts,  
sentiments and ideals of the  
country's citizens," said Mr.  
Barnes.

Calling attention to the mil-  
lions of acres of devastated forest  
area in the United States, the  
speaker said that through the  
havoc of floods, caused by the de-  
struction of timber by mountain  
fires, we are wasting five-sixths of  
the annual rainfall.

"Ninety cents of every Red  
Cross dollar spent in America  
last year went to ship supplies  
of the annual rainfall," said Mr. Barnes.

"To support the Red  
Cross is right, of course, but  
how much better it would be if we

### Youths Manage Store for Day

Young Orator is "Boss"  
W. H. Stansbury, director of service of Desmond's, and Eugene McKim-  
mel of Loyola High, winner of the Oratorical Contest, who acted  
as the store's president.

### BOYS WILL CHOOSE BOOKS

Fifty Thousand Will Name Favorite Work as Part of  
Library Day Program; Loyalty Day Tomorrow

Fifty thousand boys, it is expected, today will name the book  
that they believe no boy should fail to read. Each boy from the fifth  
grade up is to turn in his suggestion to the school he attends. The  
suggestions will be tabulated at the Public Library next week and a  
list of fifty books, the majority choices for elementary, junior and  
high schools, will be published.

The work is a part of Library  
Day of Boys' Week celebration.  
Today all of the public libraries  
in the city will give special at-  
tention to boys' needs and at nine-  
teen branches of the Public Li-  
brary special entertainments, pro-  
grams and affairs will take place.

The boys will have a celebration  
also at Westlake Park this eve-  
ning between 6:30 and 9:30  
o'clock, at which Boy Scout dem-  
onstrations and other entertain-  
ment will take place.

Tomorrow will be Loyalty Day  
and the high schools will have  
programs in the evening or at as-  
sembly time in the day. Speakers  
will have much to say of patriot-  
ism. Saturday will end the week's  
celebrations in Outdoor Day, when  
boys will compete in sports. Many  
special groups held meetings last  
night; others have planned meet-  
ings for tonight, and still others  
will conduct affairs tomorrow night  
in honor of boys.

Yesterday was Boys' Day in in-  
dustry, and excursions from high  
schools to factories and shops  
were numerous. Some of the stores  
received boys and showed them  
close-ups of business life.

Eugene McKimmel of Loyola  
High School, who won first place  
in the National Oratorical Contest  
in Southern California was Des-  
mond's chief executive for the  
day, filling the chair of Ralph  
R. Huebner, the president. Ray-  
mond Rohrs of Jefferson High  
School acted as director of ser-  
vice for the clothing house and  
Theodore von der Ahe, also of  
Loyola, was secretary for the day.

Under them were fifty-one other  
boys in various executive positions  
about the store. Employers of  
the store wore ribbons showing the  
place was observing Boys' Week.

### Tired of Living, Restaurant Man Shoots Himself

Julius Milstone, 21 years of age,  
owner of a restaurant at 2023  
Brooklyn avenue, sent a bullet  
through his head yesterday at his  
home at 310 North Soto street to  
end the life of which he had be-  
come "tired and weary."

The body was removed to the  
W. C. Draper mortuary and Detec-  
tive Lieutenants Lynn and Jones  
found a note in the house in  
which the restaurant owner mere-  
ly stated that he was "tired and  
weary of life and its troubles."

### Mexican Woman Faces Medical License Charge

Giving a herb medicine as a  
cure for blindness resulted yester-  
day in the arrest of Caroline  
Santoyo, a Mexican, at Chino, on  
complaint of Special Agent Alpert  
Carter of the State Medical Board.

Miss Santoyo is charged with prac-  
ticing medicine without a license.  
She was arraigned in Justice Court  
at Chino and bail fixed at \$500.

Preliminary examination was set  
for May 13. According to the  
agent, Miss Santoyo prescribed a  
cure for blindness to a 14-year-old  
girl.

The agent also reported that  
Francisco Rodriguez failed to ap-  
pear at his preliminary examina-  
tion yesterday in Chino on a simi-  
lar charge. Rodriguez is under  
\$1000 bond. His relatives are said  
to have reported he has gone to  
Texas.

### FIRST CANTALOUPE SELL FOR \$2 A PIECE

The cantaloupe season opened  
yesterday when the first shipment  
arrived from the Imperial Valley—  
three crates containing forty-two  
melons, shipped by S. A. Gerrard  
& Co., Brawley. They were sold  
by the Klein-Simpson Fruit Com-  
pany to the Midway Country Club  
at \$2 a melon, a record price even  
for early cantaloupes. The melons  
were earlier by ten days, it was  
said, than any previous shipment  
from Imperial Valley.

### Before Investing Your Savings in a Home

Make sure of the Electrical Installation  
Insist on "Check" Seal Electrical Wiring

A home is an important investment—one  
step you can take to safeguard that invest-  
ment is the selection of a "Check" Seal con-  
tractor to make the electrical installation.

The "Check" Seal identifies *qualified* elec-  
trical contractors who put in convenient  
connections for electrical appliances, who  
use good workmanship and install only  
standard wiring devices. Before you build or  
buy, insist that the wiring be done by a  
"Check" Seal contractor. Also remember  
that "Check" Seal retailers sell *quality* elec-  
trical merchandise.

## PACIFIC STATES ELECTRIC COMPANY

SAN FRANCISCO LOS ANGELES LONG BEACH OAKLAND  
PORTLAND SEATTLE SPOKANE

Distributors for General Electric

Before you build, buy or rent  
get "The Electrical How for  
Homeholders." This booklet can  
be had free from any electrical con-  
tractor or retailer who displays the  
"Check" Seal or by writing our  
nearest office.

### More Wholesome for Baby Than Any Other Food Except Mother's Milk

If babies are deprived  
of their natural food  
— mother's milk —  
their life, health and  
happiness then de-  
pends upon the se-  
lection of a safe and  
wholesome substitute.  
Except mother's milk,  
there is no food for  
baby so wholesome  
as "Certified Milk," which is produced scientifically clean and pure.

In the past nineteen years thousands of mothers have used Arden Certified  
with the wonderful results of having baby always well, always normally nour-  
ished, always happy. You can have the same gratifying experience.

# STORY OF DAY'S ACID SCAR TOLD

## Jury Hears Husband's Tale of Discord Climax

### Cross-Examination Fails to Confuse Witness.

#### Wife's Version to be Given as Defense Opens

A haunting face, presenting a handsome contour topped by smooth-combed black hair on one side, and on the other, by livid patches of scarred skin, surmounted by an ugly-looking welt from whose edges the hair had been shaved, went into the minds of a jury in the court of Judge Carlos Hardy yesterday. Into the records at the same time went young Darby Day's story of its acquisition. He received the scar, according to testimony, on the night of February 23, last, when his wife, Bernice L. Day, thrust a quantity of nitric acid upon him. "I don't see how anyone could have done it," he said, "even to me."

#### STORY STANDS UP

His story was unshaken during a lengthy cross-examination by Attorneys Charles E. Stewart, Sr. and for the defense. Stewart told was supplemented by other witnesses who testified to the purchase of an ounce and a half of nitric acid by Mrs. Day, Jr., at 6 o'clock the night of the "acid bath." She bought it, according to W. J. Bauman, clerk of Smith and Western, with the explanation that she wanted to remove her warts and she in a signature register in the pharmacy, Bauman testified: "K. Lane, 835 South Manhattan."

Other witnesses told of finding a broken bottle and nitric acid label near the Day home after the asserted attack. Henry Smith referred to as "Henry, the Jap," a servant in the Day home, dramatized the young husband's story in broken English.

#### SEVERAL OF QUARRELS

A long series of family quarrels marked the junior Day's marital life from the second day of their honeymoon, the youth testified. The climax, as he told it, was the "acid bath." Mrs. Day's asserted malice at the attempt to "worry" him: an episode in which the elder Day ejected a Cuban from a hotel room in Havana and after a few days the home was drugged; another in which Day described himself chasing his wife around Beverly Hills club only in pajamas after she assertedly leaped through a window after a quarrel over highlights of marital wiles that were related.

Today, a different story will be given to unfold. The prosecution is expected to charge that the defense testimony will begin and perhaps Mrs. Day herself may reach the stand.

After reaching the point in his testimony just preceding the "acid bath," Day described how he and his wife got into an auto and drove to a hotel where his sister-in-law, whom he said he saw acting suspiciously in a car about 350 feet from the Day home.

As he braced himself to push her starter, he declared his wife napped.

"Honey!"

He turned, he said, at the command in her voice. As he did so, she said that he saw her press a button and he saw her jump back.

"Then this fluid hit me, all over my face," he testified. "It felt like oil or soap. I seemed to have been stung and groped for Bernice, he was gone."

After the acid had smeared his face, Day said, he recalled that throughout his wife's presence in the Day home that night, her right arm was hidden in a sleeve, at all times under a wrap. Part of the time, he said, she had sat on the seat of a chair in which he was sitting with her left arm around his neck.

# WATER RES FOR MOJAVE IS PROPOSED

## Land Office Receiver Writes Shortridge That Wells Should be Drilled

Support of a bill to provide federal funds for the drilling of wells on the Mojave Desert and other arid portions of California to determine the water levels is asked of United States Senator Samuel M. Shortridge, now a Los Angeles visitor at the Biltmore, in a letter mailed yesterday by B. Smith, receiver of the United States Land Office in Los Angeles. The purpose of the bill, as outlined in Receiver Smith's letter, is to determine the water levels in which artesian water can be obtained in all localities of the desert. This information would be used in the local land office for the benefit of the prospective homemaker.

Receiver Smith's letter points out that the Mojave Desert is adjacent to a population of about 100,000 people living in San Diego, Riverside, Orange and Los Angeles counties, and declares that the receiver of the land office at no special effort has been made to bring under cultivation a large tract of land lying so near a populous area.

# Accuses Wife of Throwing Chair; Granted Divorce

Mrs. Bernice Edna Todd was a wife of irascible temperament, according to the story Harry Harcourt Todd told Judge Summerfield, who granted him a divorce yesterday.

"She kicked the headlight on the car once when I couldn't see her riding," Todd said. "Anytime she threw a chair at me."

"A great big chair, or only a small one?" asked Judge Summerfield.

"Four-year old size," Todd replied.

# Let Poslam Drive Itching Eczema Away

Poslam is CONCENTRATED relief for skin troubles. Itching, smarting, burning simply can't resist it. Spread a little on the irritated parts and you no longer have to scratch and dig—your inflamed skin gets a CHANCE to heal. And with Poslam on the job, this healing is rapid, steady, easy. At all druggists, 50c.—(Advertisement.)

"I doctored all winter and it didn't bring a bit, but FOLEY'S HONEY & TAR COMPOUND was just the thing for my cough and cold," writes Mr. Henry Daniel, Berryburg, Penn. FOLEY'S HONEY & TAR COMPOUND is one of the largest selling cough medicines in the world and is sold in all sizes. Ingredients are printed on each carton, for old and young. Refuse substitutes. Insist upon FOLEY'S advertisement.

# We went to Washington, D.C., to the official textile testing division of the U.S. Bureau of Standards

—first to study, then to duplicate in many instances, the identical instruments used by Government experts for testing fabrics:

## Remember—

You get these laboratory-tested, these acid-proved textiles and tailoring only in Foreman & Clark garments, on sale only in Foreman & Clark upstairs stores from coast to coast!

This marvelous new feature of Foreman & Clark service multiplies these five fundamental savings on all F & C clothes.

- 1—Coast-to-Coast UPSTAIRS Stores
- 2—\$477,500 Saved Yearly in Rent
- 3—\$18,000,000 Written Guarantee
- 4—Our Own Big New York Factories
- 5—Cash Business—No Credit Loans

Guaranteed \$3.50 Value New Spring Felt Hats at \$2.50

From Government Experts, behind the famous doors of the U.S. Bureau of Standards, we learned the science of stripping textiles and tailoring bare of the secrets of their actual wear, strength and worth!

We spent six months to duplicate U. S. Government equipment in every device now used in our own laboratory, installed under the direction of an ex-official of the Bureau of Standards, Washington, D. C.

Copyright, 1925, by Foreman & Clark, Inc.

## The Result—

Foreman & Clark textiles and tailoring run the stiffest gauntlet of searching laboratory tests ever devised to PROVE the wear and strength, the quality and character of clothes!

## What it Means to F & C Wearers

Every Foreman & Clark stitch, thread, seam, and fabric absolutely guaranteed! Rejection of every sub-standard piece of goods, no matter how slightly imperfect. Detection of possible weakness before the first snip-of-the-shears! The human element eliminated—because the microscope and test-tube, the friction machines and iron jaw tests of this remarkable laboratory, search quality closer, protect our wearers better and build your guaranteed savings higher—on every Foreman & Clark suit and topcoat made in 5 F & C factories or sold in our upstairs stores from coast to coast!

## Trade Upstairs and Save \$10

Thousands of Foreman & Clark guaranteed Suits and Topcoats DIRECT from 5 F&C factories

Side by side with the laboratory experts who TEST and PROVE F & C quality, work the New York designers who CREATE and PERFECT Foreman & Clark style! We show at all times twice the

usual variety of new models—and twice as NEW because they come direct to you—no middleman to slow up their arrival or boost up their price!

Foreman & Clark wearers have the DOUBLE satisfaction of buying America's smartest clothes from America's largest clothiers at the country's lowest prices on garments of such quality.
